Dear Parents, Students, & Community Members,

Being a fan of high school interscholastic athletics can be a very exciting positive experience. Participation in this adventure with a son or daughter can be and should be a cherished activity. Parents' support is very important to the athlete, the high school, and the community.

With Tournament Time around the corner, we are asking for your support in providing positive role-modeling for our student-athletes. The involvement of our students in athletics and activities contributes to the development of their values system. Sportsmanship, hard work, confidence, positivity, and respect are lifetime values that are taught through interscholastic activities and are principles of good positive character. With these principles, the spirit of competition thrives.

The following are the expectations of the spectators of our student-athletes:

1. Be a positive supporter of your school, the opposing school, and the officials.
2. Understand the purpose of educational athletics- to build character with the individual student-athlete.
3. Understand that interscholastic athletics are about students learning and having fun.
4. Make your cheers supportive, positive, and not derogating to other spectators.
5. Be a positive role model through your own actions. Remain calm and composed before, during, and after games.
6. Realize there is enough pressure on athletes to perform as it is. Added pressure from reacting to mistakes they make, being critical and negative, and heightened emotions create unneeded stress and take away from the fun of the game.

If the contribution of either our parents, students, and community members is less than total, everyone stands to lose. We thank you for your support. One final thought, publically-be positive, privately-be more positive! Good luck and thank you for your continued support of your Manawa Wolves!

GO WOLVES!
