#### 2413 - **HEALTH EDUCATION**

The Board of Education, in compliance with State law, has adopted a comprehensive program of health education that will prepare students to maintain good health and enable them to adapt to changing health problems in our society.

The Board recognizes that this program, like others the District offers, may contain content and/or activities that some parents find objectionable. ~~The District shall notify the parents, in advance of the instruction and about the content of the instruction and give the parents an opportunity to review the materials to be used.~~ A student may not be required to take instruction in physiology and hygiene, sanitation, the effects of controlled substances pursuant to State law and alcohol upon the human system, symptoms of disease, and the proper care of the body if the student's parent files with the teacher a written objection.

If a student does not take instruction in these subjects as a result of parental objection, the student may not be required to be examined in the subjects and may not be penalized in any way for not taking such instruction, and the Board authorizes the District Administrator to determine if the student shall complete an alternative assignment that is similar to the subjects in the length of time necessary to complete.

If the subjects receive credit toward graduation the Board authorizes the District Administrator to determine if an alternative assignment is to be completed by the student that is similar to the subjects in the length of time necessary to complete.

Instruction in physiology and hygiene shall include instruction on sexually transmitted diseases and shall be offered in every high school.

The District Administrator shall notify parents of planned instruction in the health education curriculum regarding human growth and development topics as identified and in accordance with Policy 2414 - Human Growth and Development.

Title	Copy of INDEPENDENT EDUCATIONAL EVALUATION (IEE)
Code	po2460.03
Status	Proposed to Policy & Human Resources Committee
Adopted	July 17, 2017
Last Revised	December 19, 2022

#### 2460.03 - **INDEPENDENT EDUCATIONAL EVALUATION (IEE)**

An independent educational evaluation (IEE) is an evaluation conducted by a qualified examiner who is not an employee of this District. A parent has the right to an IEE at public expense if the parent disagrees with an evaluation that the District conducted. For purposes of this policy, "evaluation" means the procedures used to determine whether a child has a disability and the nature and extent of the special education and related services the child needs. In the event the District receives a parent request for an IEE, the District must either provide the IEE at District expense pursuant to this policy or request a due process hearing to show that its evaluation is appropriate. The IEE must meet District criteria for IEEs, which is the same criteria that the District uses when it conducts its own evaluations. If the District requests a due process hearing and the hearing officer determines that the District's evaluation is appropriate, the parent still has the right to an IEE, but not at public expense. Parents may only request one publicly funded IEE for each evaluation completed by the District.

#### **Procedures to Obtain an IEE at Public Expense**

- A. The parent should submit to the District a written request for an IEE, and should include in such request an explanation of their reasons for objecting to the evaluation obtained by the District. However, the District will not deny parents a publicly funded IEE because they fail to provide the District with such a written request or fail to provide reasons for requesting an IEE.
- B. If a parent requests an IEE, the District will provide the following information:
  1. A list of the names and addresses of IEE examiners located in the area. The list will consist of IEE examiners who, in the District's judgment, are qualified to perform the evaluation requested by the parents. If a qualified examiner is not located in the area, the District will identify a qualified examiner elsewhere in the State of Wisconsin.
  2. A description of the District's criteria for selection of IEE examiners.
- C. Minimum qualifications for IEE examiners. The District will not pay for an IEE unless the IEE complies with the following criteria or the parents can show unique circumstances that justify a publicly funded IEE that does not meet the criteria.
  1. The prospective IEE examiner (the "examiner") must hold a valid license from the State of Wisconsin in the field related to the known or suspected disability. The examiner must have extensive training in the evaluation of the area(s) of concern and be able to interpret instructional implications of the evaluation results. In instances where no "applicable license" exists, the evaluator must provide documentation of

extensive and recent training and experience related to the known or suspected disability.

2. The examiner must be located within 150 miles of the District and must conduct the evaluation within District boundaries.
  3. The examiner may only charge fees for educational evaluation services that, in the sole judgment of the District, are reasonable.
  4. The examiner must be permitted to directly communicate and share information with members of the IEP Team. The examiner must also agree to release the assessment and results, including parent and teacher surveys, prior to receipt of payment for services.
  5. If the District evaluation included an observation of the child in one (1) or more educational settings, the IEE shall include at least one (1) observation in that setting. Evaluators shall make at least one (1) contact with the child's general education teacher for the purpose of determining how the student is progressing in the general curriculum. In addition, evaluators are encouraged to make additional contacts with other involved general or special education teachers. If the purpose of the evaluation is to address a learning disability, an observation of the child is a required evaluation component.
  6. The same criteria apply to both public and independent examiners.
- D. The maximum allowable cost for an examiner will be the average cost per day or per hour for a similarly qualified staff member employed by the District during the current school year, as determined by the ~~Director of Student Services~~ **District Administrator** (not to exceed \$400.00). In the unusual event the examiner is one (1) not typically employed by the District, such as a medical doctor, psychiatrist, clinical psychologist, or other similar professional, reimbursement of costs will be limited to reasonable and customary charges as determined by the District and its insurance carrier. The District shall not be responsible for reimbursement of travel costs or other related costs incurred by the parents in connection with their arrangement of, or their attendance at the IEE, unless the parent can demonstrate that necessary services are not available in the community.
- E. If unique circumstances justify an IEE that exceeds the maximum allowable cost; the District must ensure the IEE is publicly funded. The District will review these circumstances on a case-by-case basis. If the total cost for an IEE exceeds the District's cost criteria and it is determined through appropriate procedures that there is no justification for excess cost, the cost of the IEE will be publicly funded up to the District's maximum allowable cost. **If the District determines the cost exceeds the cost criteria, then the District must without unnecessary delay, initiate a due process hearing to demonstrate the cost did not meet appropriate agency criteria.**

For more information, parents may request a copy of Bulletin 99.02 "Independent Educational Evaluations (IEEs)" from the District or from the Department of Public Instruction, Division of Learning Support: Equity and Advocacy.

## 5517 - **STUDENT ANTI-HARASSMENT**

### **Prohibited Harassment**

It is the policy of the Board of Education to maintain an educational environment that is free from all forms of harassment. This commitment applies to all District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the Board can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

The Board will vigorously enforce its prohibition against harassment based on the traits of sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or State civil rights laws (hereinafter referred to as 'Protected Classes'), and encourages those within the School District community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. Additionally, the Board prohibits harassing behavior directed at students, **including at a group of students**, for any reason, even if not based on one of the Protected Classes, through its policies on bullying (See Policy 5517.01 – Bullying).

The Board will investigate all allegations of harassment and in those cases where harassment is substantiated, the Board will take immediate steps designed to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in harassment will be subject to appropriate disciplinary action.

### **Other Violations of the Anti-Harassment Policy**

The Board will also take prompt steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation;
- B. Filing a malicious or knowingly false report or complaint of harassment;

- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment complaints comprises part of one's duties.

Sexual Harassment covered by Policy 2266/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, is not included in this policy. Allegations of such conduct shall be addressed by Policy 2266/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

## Notice

Notice of the Board's policy on anti-harassment in the educational environment and the identity of the District's Compliance Officers will be posted throughout the District and published in any District statement regarding the availability of employment, staff handbooks, and general information publications of the District as required by Federal and State law and this policy.

## Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

**Complainant** is the individual **or group of students** who alleges, or is alleged, to have been subjected to harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

**Day(s)** means business day(s) (i.e., a day(s) that the District office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays) unless expressly stated otherwise herein.

**Respondent** is the individual who has been alleged to have engaged in harassment, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged harassment.

**School District community** means individuals, students, administrators, teachers, and staff, as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

**Third Parties** include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

## Bullying

Bullying is prohibited by Board Policy 5517.01 – Bullying. It is defined as deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well-being. Bullying need not be based on any Protected Class. Bullying behavior rises to the level of harassment when the prohibited conduct is based upon the student's sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation, physical, mental, emotional, or learning disability, or any other characteristic protected by Federal or State civil rights. Complaints brought under this policy that are more appropriately handled under the Bullying policy shall be referred for investigation consistent with the procedures in that policy.

Bullying that rises to the level of Sexual Harassment is covered by Policy 2266/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, and is not included in this policy. Allegations of such conduct shall be addressed by Policy 2266/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

## Harassment

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student **or group of students** based on one or more of the student's **or group of students** Protected Class that:

- A. places a student **or group of students** in reasonable fear of harm to their person or damage to the student's property;

- B. has the effect of substantially interfering with a student's **or group of students** educational performance, opportunities, or benefits; or
- C. has the effect of substantially disrupting the orderly operation of a school.

"Harassment" also includes "hate speech" directed against a student **or group of students** - the use of language, behavior, or images/symbols that express prejudice against a particular group or groups on the basis of any protected characteristic(s).

Examples are:

- A. making statements that promote violence toward a racial or ethnic group;
- B. drawing, displaying, or posting images or symbols of prejudice (e.g., swastikas).

### **Sexual Harassment**

For purposes of this policy only and not sexual harassment under Title IX, addressed in Policy 2266/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, 'sexual harassment' is defined as unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of access to educational opportunities or program;
- B. submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education;
- C. that conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile, or offensive educational environment.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. unwelcome verbal harassment or abuse;
- B. unwelcome pressure for sexual activity;
- C. threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances;
- D. unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls and obscene gestures;
- E. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals;
- F. unwelcome, sexually motivated or inappropriate patting, pinching, or physical contact, other than necessary restraint of students by teachers, administrators, or other school personnel to avoid physical harm to persons or property;
- G. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- H. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status;
- I. unwelcome behavior or words directed at an individual because of gender;

Examples are:

1. repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
  2. rating a person's sexuality or attractiveness;
  3. staring or leering at various parts of another person's body;
  4. spreading rumors about a person's sexuality;
  5. letters, notes, telephone calls, or materials of a sexual nature;
  6. displaying pictures, calendars, cartoons, or other materials with sexual content.
- J. inappropriate boundary invasions by a District employee or other adult member of the District community into a student's personal space and personal life;

Boundary invasions may be appropriate or inappropriate. Appropriate boundary invasions make medical or educational sense. For example, a teacher or aide assisting a kindergartner after a toileting accident or a coach touching a student during wrestling or football can be appropriate. However other behaviors might be going too far, are inappropriate and may be signs of sexual grooming.

Inappropriate boundary invasions may include, but are not limited to the following:

1. hugging, kissing, or other physical contacts with a student;
2. telling sexual jokes to students;
3. engaging in talk containing sexual innuendo or banter with students;
4. talking about sexual topics that are not related to the curriculum;
5. showing pornography to a student;
6. taking an undue interest in a student (i.e. having a 'special friend' or a 'special relationship');
7. initiating or extending contact with students beyond the school day for personal purposes;
8. using e-mail, text messaging or websites to discuss personal topics or interests with students;
9. giving students rides in the staff member's personal vehicle or taking students on personal outings without administrative approval;
10. invading a student's privacy (e.g. walking in on the student in the bathroom, locker room, asking about bra sizes or previous sexual experiences);
11. going to a student's home for non-educational purposes;
12. inviting students to the staff member's home without proper chaperones (i.e. another staff member or parent of a student);
13. giving gifts or money to a student for no legitimate educational purpose;
14. accepting gifts or money from a student for no legitimate educational purpose;
15. being overly 'touchy' with students;
16. favoring certain students by inviting them to come to the classroom at non-class times;
17. getting a student out of class to visit with the staff member;

18. providing advice to or counseling a student regarding a personal problem (i.e. problems related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc.), unless properly licensed and authorized to do so;
19. talking to a student about problems that would normally be discussed with adults (i.e. marital issues);
20. being alone with a student behind closed doors without a legitimate educational purpose;
21. telling a student 'secrets' and having 'secrets' with a student;
22. other similar activities or behavior.

Inappropriate boundary invasions are prohibited and must be reported promptly to one of the District Compliance Officers, as designated in this policy, the Building Principal or the District Administrator.

- K. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- L. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- M. verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, or persistent such that it adversely affects, limits, or denies an individual's education, or such that it creates a hostile or abusive educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

It is further the policy of the Board that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the workplace, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student.

### **Race/Color Harassment**

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references regarding racial customs.

### **Religious (Creed) Harassment**

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

### **National Origin/Ancestry Harassment**

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive working and/or learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

### **Disability Harassment**

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's physical, mental, emotional or learning disability and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

The names, titles, and contact information of these individuals will be published annually in the student handbooks and on the School District's website.

The Compliance Officer(s) are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

### **Reports and Complaints of Harassing Conduct**

Reporting procedures are as follows:

- A. Any student who believes the student has been the victim of harassment prohibited under this policy will be encouraged to report the alleged harassment to any District employee, such as a teacher, administrator or other employees.
- B. Any parent of a student who believes the student has been the victim of harassment prohibited under this policy is encouraged to report the alleged harassment to the student's teacher, building administrator or District Administrator.
- C. Teachers, administrators, and other school employees who have the knowledge or received notice that a student has or may have been the victim of harassment prohibited under this policy shall report the alleged harassment to one (1) of Compliance Officer(s) and the building principal or District Administrator within two (2) days.
- D. Any other person with knowledge or belief that a student has or may have been the victim of harassment prohibited by this policy shall be encouraged to immediately report the alleged acts to any District employee, such as a teacher, administrator or other employees.
- E. The reporting party or Complainant shall be encouraged to use a report form available from the principal of each building or available from the District office, but oral reports shall be considered complaints as well. Use of formal reporting forms shall not be mandated. However, all oral complaints shall be reduced to writing.
- F. To provide individuals with options for reporting harassment to an individual of the gender with which they feel most comfortable, the Board has designated both a male and a female Compliance Officer for receiving reports of harassment prohibited by this policy. At least one (1) Compliance Officer or other individuals shall be available outside regular school hours to address complaints of harassment that may require immediate attention.

A CO will be available during regular school/work hours to discuss concerns related to harassment and to assist students, other members of the School District community, and third parties who seek support or advice when informing another individual about 'unwelcome' conduct, or to intercede informally on behalf of the student.

Any Board employee who directly observes harassment of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) days. Thereafter, the COs must contact the Complainant, if over age eighteen (18) or the Complainant's parents/guardians if under age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged misconduct, including the obligation of the Compliance Officer to conduct an investigation following all the procedures outlined in the complaint procedures.

The COs are assigned to accept complaints of harassment directly from any member of the School District community or a Third Party, or to receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint, either directly or through a school building administrator, a CO will contact the Complainant and begin either an informal or formal process (depending on the request of the Complainant or the nature of the alleged harassment), or the District Administrator will designate a specific individual to conduct the process necessary for an informal or formal investigation. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. The CO will prepare recommendations for the District Administrator. In the case of a complaint against the District Administrator or a Board member, the CO will prepare recommendations for the Board Attorney who has been designated to serve as the decision-maker for such complaints.

In cases where no District CO is able to investigate a complaint due to concerns regarding conflicts, bias, or partiality, or for other reasons that impair the CO's ability to conduct an investigation, the CO may, in consultation with the District Administrator, or Board President if the matter involves the District Administrator, engage outside legal counsel to conduct the investigation consistent with this policy.

### **Filing a Complaint and Initial Processing of a Complaint**

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any student, or the student's parent/guardian, who believes that the student has been subjected to harassment may seek resolution of the complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of harassment or retaliation with the United States Department of Education Office for Civil Rights ('OCR') and/or the Wisconsin Equal Rights Division or other government agency. The Chicago Office of the OCR can be reached at John C. Kluczynski Federal Building, 230 S. Dearborn Street, 37th Floor Chicago, IL 60604; Telephone: 312-730-1560; FAX: 312-730-1576; TDD: 800-877-8339; Email: OCR.Chicago@ed.gov; Web: <http://www.ed.gov/ocr>.

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Policy 5517.01 - Bullying and not Harassment under this Policy, because the conduct at issue is not based on a student's Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

If during an investigation of alleged bullying, aggressive behavior, and/or harassment, in accordance with Policy 5517.01 - Bullying, the Principal believes that the reported misconduct may have created a hostile educational environment and may have constituted discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior, and/or harassment to one (1) of the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, the matter will be investigated in accordance with the grievance process and procedures outlined in Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the Policy 5517.01- Bullying investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266 -Nondiscrimination on the Basis of Sex in Education Program or Activities. The Compliance Officer shall keep the Principal informed of the status of the investigation under this policy and provide the Principal with a copy of the resulting report. Likewise, the Title IX Coordinator will provide the Principal with the determination of responsibility that results from the Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities grievance process.

### **Complaint and Investigation Procedure**

A Complainant may file a complaint, either orally or in writing with a teacher, principal, or other District employee at the student's school, the CO, District Administrator, or other District official who works at another school or at the District level. Due to the sensitivity surrounding complaints of harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District official at the student's school, the CO, District Administrator, or other District employee, either orally or in writing, about any complaint of harassment, that employee must report such information to the CO within two (2) days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); and a list of potential witnesses.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation including but not limited to a change of class schedule for the Complainant or the Respondent, or possibly a change of school for either or both of the parties. In making such a determination, the Compliance Officer should consult the District Administrator prior to any action being taken, except for complaints against the District Administrator, in which case the Board President should be consulted. The Complainant should be notified of any proposed action prior to such action being taken.

As soon as appropriate in the investigation process, the CO will inform the Respondent that a complaint has been received. The Respondent will be informed about the nature of the allegations and a copy of any relevant policies and/or administrative procedures and the Board's anti-harassment policy shall be provided to the Respondent at that time. The Respondent must also be provided an opportunity to respond to the complaint.

Generally, within two (2) days of receiving the complaint, the CO will initiate an investigation by at a minimum confirming receipt of the complaint with the Complainant and informing the Complainant of the investigation process.

Although certain cases may require additional time, the CO will attempt to complete an investigation into the allegations of harassment within thirty (30) days of receiving the formal complaint.

The investigation will generally include:

- A. interview(s) with the Complainant;
- B. interview(s) with the Respondent;
- C. interviews with any other witnesses who reasonably may be expected to have any information relevant to the allegations, as determined by the CO;
- D. consideration of any documentation or other evidence presented by the Complainant, Respondent, or any other witness which is reasonably believed to be relevant to the allegations, as determined by the CO.

At the conclusion of the investigation, the CO shall prepare and deliver a report to the District Administrator which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in harassment/retaliation of the Complainant. In determining if harassment occurred, a preponderance of evidence standard will be used. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved.

The CO may consult with the Board's attorney during the course of the investigatory process and/or before finalizing the report to the District Administrator.

Generally, within five (5) days of receiving the report of the CO or designee, the District Administrator, or in the case of a complaint against the District Administrator or a Board member, the person designated to serve as the decision-maker for the complaint either must issue a written decision regarding whether the complaint has been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to both the Complainant and the

Respondent. The District Administrator may redact information from the decision consistent with applicable law. The Board authorizes the District Administrator to consult with legal counsel to determine the extent to which information in an investigation report must be provided to either the Complainant or Respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the District Administrator must issue a final written decision as described above.

The decision of the District Administrator shall be final. If the Complainant feels that the decision does not adequately address the complaint the Complainant may appeal the decision to the State Superintendent of Public Instruction by submitting a written request to the Wisconsin Department of Public Instruction ('DPI'), Pupil Nondiscrimination Program, or by contacting the DPI Pupil Nondiscrimination Program at (608) 267-9157.

The Board reserves the right to investigate and resolve a complaint or report of harassment regardless of whether the member of the School District community or Third Party alleging the harassment pursues the complaint. The Board also reserves the right to have the complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

To the extent required by law or permitted by the District, the parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

### **Additional School District Action**

If the evidence suggests that the harassment at issue is a crime or requires mandatory reporting under the Children's Code (Sec. 48.981, Wis. Stat.), the CO or District Administrator shall report the harassment to the appropriate social service and/or law enforcement agency charged with responsibility for handling such investigations and crimes.

Any reports made to the local child protection service or to local law enforcement shall not terminate the CO's obligation and responsibility to continue to investigate a complaint of harassment. While the COs may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the District Administrator.

### **Privacy/Confidentiality**

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the District's legal obligations to investigation, take appropriate action, and comply with any discovery or disclosure obligations. Confidentiality cannot be guaranteed, however. Respondents must be provided an opportunity to meaningfully respond to allegations, which may include disclosure of the Complainant's identity.

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Additionally, the Respondent must be provided with the Complainant's identity.

During the course of an investigation, the CO will instruct each person who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to Third Parties any information that is learned or provided during the course of the investigation.

### **Directives During Investigation**

The CO may recommend to the District Administrator placing any employee involved in an investigation under this Policy on administrative leave pending resolution of the matter. If the District Administrator is the Respondent, the CO shall make such recommendation to the Board. For example, administrative leave may be appropriate in situations in which protecting the safety of any individual or the integrity of the investigation necessitates such action.

The CO shall determine whether any witnesses in the course of an investigation should be provided a Garrity warning apprising the person of their obligations to answer questions truthfully and honestly while preserving the right against self-incrimination in the context of any resulting criminal investigation or prosecution.

Every employee interviewed in the course of an investigation is required to provide truthful responses to all questions. Failure to do so may result in disciplinary action.

### **Remedial Action and Monitoring**

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken because of the discrimination, or other appropriate action.

The Board may appoint an individual, who may be a District employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

### **Sanctions and Disciplinary Action**

The Board shall vigorously enforce its prohibitions against harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable law.

When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

### **Retaliation**

Retaliation against a person who makes a report or files a complaint alleging harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

### **Education and Training**

In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

### **Retention of Investigatory Records and Materials**

The CO is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation which may include but are not limited to:

- A. all written reports/allegations/complaints/statements;
  - B. narratives of all verbal reports, allegations, complaints, and statements collected;
  - C. a narrative of all actions taken by District personnel;
  - D. any written documentation of actions taken by District personnel or individuals contracted or appointed by the Board to fulfill its responsibilities;
  - E. narratives of, notes from, or audio, video, or digital recordings of witness statements;
  - F. all documentary evidence;

  - L. written documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates issued, and the dates the parties acknowledged receipt; and
  - M. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects.
  - N. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
  - O. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
  - P. documentation of any training provided to District personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all District personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy;

- Q. documentation that any rights or opportunities that the District made available to one party during the investigation were made available to the other party on equal terms;
  - R. copies of any notices sent to the alleged perpetrator/responding party of the allegations constituting a potential violation of this policy;
  - S. copies of any notices sent to the Complainant and the Respondent in advance of any interview or hearing;
  - T. copies of any documentation or evidence used during informal and formal disciplinary meetings and hearings, including the investigation report, and any written responses submitted by the Complainant or the Respondent.

The information, documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal and/or State law (e.g., student records).

The information, documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, Policy 8330 for not less than three (3) years, but longer if required by the District's records retention schedule.

## 5610 - **SUSPENSION AND EXPULSION**

The Board of Education recognizes that exclusion from educational programs of the School District, by suspension or expulsion, is a substantial sanction and that such action must comply with the student's due process rights.

### **SUSPENSION**

For purposes of this policy, 'suspension' shall be the short-term exclusion of a student from a regular District program.

The District Administrator, **the any** principal, or a teacher designated by the District Administrator may suspend a student for up to five (5) school days or, if a notice of expulsion hearing has been sent, for up to fifteen (15) consecutive school days, or ten (10) consecutive school days for each incident if the student is eligible for special education services under Chapter 115, Wis. Stats.

The suspension must be reasonably justified based upon the grounds authorized under Sec. 120.13, Wis. Stats., that include, but are not limited to: noncompliance with school rules or Board rules; knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; conduct by the student while at school or while under the supervision of a school authority that endangers the property, health, or safety of others; conduct while not at school or while not under the supervision of a school authority that endangers the property, health, or safety of others at school or under the supervision of a school authority; or conduct while not at school or while not under the supervision of a school authority that endangers the property, health, or safety of any employee or School Board member of the District in which the student is enrolled.

The District Administrator, **the any** principal, or a teacher designated by the School District Administrator shall suspend a student if the student possessed a firearm, as defined in 18 U.S.C. 921(a)(3), while at school or while under the supervision of a school authority.

The parent of a suspended minor must be given prompt notice of the suspension and the reason for the suspension. The student's suspension from school shall be entered in the student's record as required by the rules adopted by the Board concerning the content of the student records. The suspended student or the student's parent or guardian may, within five (5) school days following the commencement of the suspension, have a conference with an administrator, who shall be someone other than a principal, administrator or teacher in the suspended student's school, to discuss removing reference to the suspension from the student's records. Reference to the suspension on the student's school record shall be removed if the administrator finds that the student was suspended unfairly or unjustly; the suspension was inappropriate, given the nature of the alleged offense; or the student suffered undue consequences or penalties as a result of the suspension. **The administrator shall make a finding within fifteen (15) days of the conference.**

A suspended student shall not be denied the opportunity to take any quarterly, semester, or grading period examinations or to complete coursework missed during the suspension period. Such work shall be completed pursuant to the procedures established by the Board.

In the event a student is classified as Homeless, the building principal shall consult with the Homeless Coordinator to determine whether the conduct is a result of homelessness. The Homeless Coordinator will assist administration and the student's parents or guardian in correcting conduct subject to disciplinary action that is caused by homelessness.

## **EXPULSION**

Under this policy, expulsion shall mean the Board will not permit a student to attend school at all, including any school-sponsored events or activities, for a specified period of time. If the student is expelled, the Board will determine the length of the expulsion period, which may extend at a maximum to the student's 21st birthday. The Board's expulsion order may include the opportunity for the student to return to school prior to expiration of the term of expulsion under a specified set of early reinstatement condition(s) which are related to the conduct for which the student was expelled. The condition(s), once set forth in an expulsion order, shall be administered at the discretion of the District Administrator who shall have the authority to deny early reinstatement if any early reinstatement condition is not met prior to reinstatement or to revoke it for the remainder of the expulsion period if any enrollment conditions applicable to the student's attendance during a period of expulsion under early reinstatement, or conditional enrollment, are deemed by the District Administrator to have been violated. The decision to revoke a student's conditional enrollment shall be explained in writing. The student or student's parent may request a conference with the District Administrator within five (5) school days of a decision to revoke early reinstatement. The District Administrator shall meet with the student and/or parents within five (5) school days of a request. The District Administrator's decision is final.

The District Administrator may designate another School District employee to perform the functions pertaining to a student's early reinstatement, but may not designate someone that is an administrator or teacher in the student's school.

The Board may expel a student only when it is satisfied that the interest of the school demands the student's expulsion and only when the student: repeatedly refused or neglected to obey the rules established by the School District; knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; engaged in conduct while at school while under the supervision of a school authority that endangered the property, health, or safety of others; engaged in conduct while not at school or while not under the supervision of a school authority that endangered the property, health, or safety of others at school or under the supervision of a school authority or endangered the property, health, or safety of any employee or Board member of the District in which the student is enrolled; or was at least sixteen (16) years old and had repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct did not otherwise constitute grounds for expulsion. For purposes of this policy, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The School Board shall hold an expulsion hearing in the event a student is in possession of a firearm while at school or under the supervision of school authorities and shall expel a student from school for not less than one (1) year whenever it finds that the student brought a firearm to school or, while at school or while under the supervision of a school authority, possessed a firearm, as defined in 18 U.S.C. 921(a) (3), unless the Board finds that the punishment should be reduced based upon the circumstances of the incident. Any such finding by the Board shall be in writing. This does not include any circumstance in which a student possessed a firearm while lawfully hunting on school forest land.

The District shall refer any student who brings a firearm (as defined in 18 U.S.C. 921(a)(3)) or a weapon to school to law enforcement.

As required by 20 U.S.C. 7151, the District Administrator will ensure that the following information is sent to the Wisconsin Department of Public Instruction: a copy of this policy; a description of the circumstances surrounding any expulsion(s) for violating the above-stated firearms policy; the name of the school; the number of students expelled; and the types of firearms involved.

Prior to expelling a student, the Board shall provide the student with a hearing. Prior written notice of the hearing must be sent separately to both the student and if the student is a minor, to the student's parent(s) or guardian(s). The notice must be sent at least five (5) days prior to the date of hearing, not counting the date notice is sent. The notice must also satisfy the requirements of Sec. 120.13(1) (c)4, Wis. Stats.

An expelled student or, if the student is a minor, the student's parent(s) or guardian(s) may appeal the Board's expulsion decision to the Wisconsin Department of Public Instruction. An appeal from the decision of the Department may be taken within thirty (30) days to the circuit court for the county in which the school is located.

In the event a student is classified as Homeless, the building principal shall consult with the Homeless Coordinator to determine whether the conduct is a result of homelessness. The District will not expel a homeless student for conduct that is caused by the student's homelessness. The Homeless Coordinator will assist administration and the student's parents or guardians in correcting conduct subject to disciplinary action that is caused by homelessness. If the conduct in question is determined not to be caused by the student's homelessness, the District shall proceed with expulsion proceedings as outlined in this policy.

#### 6325 - PROCUREMENT – FEDERAL GRANTS/FUNDS

Procurement of all supplies, materials, equipment, and services paid for from Federal funds including any District matching funds shall be made in accordance with all applicable Federal, State, and local statutes and/or regulations, the terms and conditions of the Federal grant, Board policies, and administrative procedures.

The District Administrator shall have and use a procurement and contract administration system in accordance with the USDOE requirements (2 C.F.R. 200.317-.326) for the administration and management of Federal grants and federally funded programs. The District shall maintain oversight that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of the District's documented general purchasing policy and administrative guidelines (Policy 6320 and AG 6320A).

When required by Federal program legislation, all Federally-funded contracts in excess of \$2,000 related to construction, alteration, repairs, painting, decorating, etc. must comply with Davis-Bacon prevailing wage requirements.

All District employees, officers, and agents who have purchasing authority shall abide by the standards of conduct covering conflicts of interest and governing the actions of its employees, officers, and agents engaged in the selection, award, and administration of contracts as established in Policy 3230 – ~~Conflict of Interest~~ – Ethics and Conflict of Interest.

The District will avoid acquisition of unnecessary or duplicative items. Additionally, consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase and, where appropriate, an analysis shall be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach. These considerations are given as part of the process to determine the allowability of each purchase made with Federal funds.

To foster greater economy and efficiency, the District may enter into State and local intergovernmental agreements where appropriate for procurement or use of common or shared goods and services.

#### Competition

All procurement transactions for the acquisition of property or services required under a Federal award paid for from Federal funds or District matching funds shall be conducted in a manner that encourages full and open competition and in accordance with good administrative practice and sound business judgement. In order to promote objective contractor performance and eliminate unfair competitive advantage, the District shall exclude any contractor that has developed or drafted specifications, requirements, statements of work, or invitations for bids or requests for proposals from competition for such procurements.

Some of the situations considered to be restrictive of competition include, but are not limited to, the following:

- A. unreasonable requirements on firms in order for them to qualify to do business
- B. unnecessary experience and excessive bonding requirements
- C. noncompetitive pricing practices between firms or between affiliated companies
- D. noncompetitive contracts to consultants that are on retainer contracts
- E. organizational conflicts of interest
- F. specification of only a "brand name" product instead of allowing for an "*or equal*" product to be offered and describing the performance or other relevant requirements of the procurement
- G. any arbitrary action in the procurement process

Further, the District does not use statutorily or administratively imposed State, local, or tribal geographical preferences in the evaluation of bids or proposals, unless 1) an applicable Federal statute expressly mandates or encourages a geographic preference; or 2) the District is contracting for architectural and engineering services, in which case geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

To the extent that the District uses a pre-qualified list of persons, firms or products to acquire goods and services, the pre-qualified list includes enough qualified sources as to ensure maximum open and free competition. **The District allows vendors to apply for consideration to be placed on the list periodically. The District may determine how frequently the pre-qualified list becomes open for new vendors or whether it is open continuously.**

The District shall require that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to provide maximum open and free competition. The District shall not preclude potential bidders from qualifying during the solicitation period.

#### **Solicitation Language (Purchasing Procedures)**

The District shall have written procurement procedures that require that all solicitations incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it shall conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which shall be met by offers shall be clearly stated; and identify all requirements which the offerors shall fulfill and all other factors to be used in evaluating bids or proposals.

The Board will not approve any expenditure for an unauthorized purchase or contract.

#### **Procurement Methods**

The District shall have and use documented procedures, consistent with the standards described above, for the following methods of procurement:

##### **A. Informal Procurement Methods**

When the value of the procurement for property or services under a Federal award does not exceed the simplified acquisition threshold, or a lower threshold established by the State, formal procurement methods are not required. The District may use informal procurement methods to expedite the completion of its transactions and minimize the associated administrative burden and cost. The informal methods used for procurement of property or services at or below the simplified acquisition threshold include:

1. Micro-purchases

Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed \$10,000. To the maximum extent practicable, the District should distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be made without soliciting competitive quotations if the District Administrator considers the price to be reasonable based on research, experience, purchase history or other relevant information and documents are filed accordingly. The District shall maintain evidence of this reasonableness in the records of all purchases made by this method.

## 2. Small purchases

Small purchases include the acquisition of property or services, the aggregate dollar amount of which is higher than the micro-purchase threshold but does not exceed the simplified acquisition threshold of \$250,000, except as otherwise required by State law. Small purchase procedures require that price or rate quotations shall be obtained from an adequate number of qualified sources.

Districts are responsible for determining an appropriate simplified acquisition threshold based on internal controls, an evaluation of risk, and its documented procurement procedures which must not exceed the threshold established in the Federal Acquisition Regulations (FAR). When applicable, a lower simplified acquisition threshold used by the non-Federal entity must be authorized or not prohibited under State, local, or tribal laws or regulations.

## B. Formal Procurement Methods

When the value of the procurement for property or services under a Federal award exceeds the simplified acquisition threshold, or a lower threshold established by the State, formal procurement methods are required. Formal procurement methods require following documented procedures. Formal procurement methods also require public advertising unless a non-competitive procurement method can be used in accordance with the standards on competition in 200.319 or non-competitive procurement. The formal methods of procurement are:

### 1. Sealed bids

Sealed, competitive bids shall be obtained when the purchase of, and contract for, single items of supplies, materials, or equipment which amounts to **more than \$10,000** and when the Board determines to build, repair, enlarge, improve, or demolish a school building/facility the cost of which will exceed \$150,000 unless otherwise required by State law.

**[Drafting Note: Federal law does not require sealed bids unless the procurement is over \$250,000. The State/District may set a lower threshold for sealed bids and competitive proposals. The threshold established herein should be consistent with Policy 6320 - Purchasing.]**

## A. 1.

In order for sealed bidding to be feasible, the following conditions shall be present:

- a. a complete, adequate, and realistic specification or purchase description is available;
- b. two (2) or more responsible bidders are willing and able to compete effectively for the business; and
- c. the procurement lends itself to a firm fixed-price contract and the selection of the successful bidder can be made principally on the basis of price.

When sealed bids are used, the following requirements apply:

- a. Bids shall be solicited in accordance with the provisions of State law and Policy 6320. Bids shall be solicited from an adequate number of qualified suppliers, providing sufficient response time prior to the date set for the opening of bids. The invitation to bid shall be publicly advertised.
- b. The invitation for bids will include product/contract specifications and pertinent attachments and shall define the items and/or services required in order for the bidder to properly respond.
- c. All bids will be opened at the time and place prescribed in the invitation for bids; bids will be opened publicly.
- d. A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life

cycle costs shall be considered in determining which bid is lowest. Payment discounts may only be used to determine the low bid when prior experience indicates that such discounts are usually taken.

e. The Board reserves the right to reject any or all bids for sound documented reason.

## 2. Proposals

Procurement by proposals is a method in which either a fixed price or cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids or in the case of a recognized exception to the sealed bid method. ~~Like sealed bids, Federal law does not require a competitive proposal unless the procurement is for over \$150,000.~~ **[Drafting Note: Federal law does not require a competitive proposal unless the procurement is for over \$250,000. The State/District may set a lower threshold for sealed bids and competitive proposals.]**

If this method is used, the following requirements apply:

- a. Requests for proposals shall be publicized and identify all evaluation factors and their relative importance. Any response to the publicized requests for proposals shall be considered to the maximum extent practical.
- b. Proposals shall be solicited from an adequate number of sources.
- c. The District shall use its written method for conducting technical evaluations of the proposals received and for selecting recipients.
- d. Contracts shall be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

## 3. Noncompetitive Procurement

Procurement by noncompetitive proposals allows for solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- a. micro-purchases;
- b. the item is available only from a single source;
- c. the public exigency or emergency for the requirement will not permit a delay resulting from publicizing a competitive solicitation;
- d. the Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the District;
- e. after solicitation of a number of sources, competition is determined to be inadequate.

### Domestic Preference for Procurement

As appropriate and to the extent consistent with law, the District shall, to the extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. Such requirements shall be included in all subawards including all contracts and purchase orders for work or products under the Federal award.

### Contract/Price Analysis

The District shall perform a cost or price analysis in connection with every procurement action in excess of ~~\$150,000~~ \$250,000, including contract modifications. A cost analysis generally means evaluating the separate cost elements that make up the total price, while a price analysis means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the District shall come to an independent estimate prior to receiving bids or proposals.

When performing a cost analysis, the District shall negotiate profit as a separate element of the price. To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

### **Time and Materials Contracts**

The District uses a time and materials type contract only 1) after a determination that no other contract is suitable; and 2) if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to the District is the sum of: the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, the District sets a ceiling price for each contract that the contractor exceeds at its own risk. Further, the District shall assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

### **Suspension and Debarment**

The District will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. All purchasing decisions shall be made in the best interests of the District and shall seek to obtain the maximum value for each dollar expended. When making a purchasing decision, the District shall consider such factors as 1) contractor integrity; 2) compliance with public policy; 3) record of past performance; and 4) financial and technical resources.

The District Administrator shall have the authority to suspend or debar a person/corporation, for cause, from consideration or award of further contracts. The District is subject to and shall abide by the nonprocurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR Part 180.

Suspension is an action taken by the District that immediately prohibits a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 C.F.R. Chapter 1) for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue. A person so excluded is suspended. (2 C.F.R. Part 180 Subpart G)

Debarment is an action taken by the District Administrator to exclude a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 C.F.R. Chapter 1). A person so excluded is debarred. (2 C.F.R. Part 180 Subpart H)

The District shall not subcontract with or award subgrants to any person or company who is debarred or suspended. For contracts over \$25,000, the District shall confirm that the vendor is not debarred or suspended by either checking the Federal government's System for Award Management, which maintains a list of such debarred or suspended vendors at [www.sam.gov](http://www.sam.gov); collecting a certification from the vendor; or adding a clause or condition to the covered transaction with that vendor. (2 C.F.R. Part 180 Subpart C)

### **Bid Protest**

The District maintains the following protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency.

A bidder who wishes to file a bid protest shall file such notice and follow procedures prescribed by the Request For Proposals (RFPs) or the individual bid specifications package, for resolution. Bid protests shall be filed in writing with the Office of the District Administrator within seventy-two (72) hours of the opening of the bids in protest.

#### 6610 - NONDISTRICT-SUPPORTED STUDENT ACTIVITY ACCOUNTS

The Board of Education authorizes the maintenance of approved student activity accounts for nondistrict-supported student activities as allowed by DPI regulations and the auditor's recommendations in accordance with GASB 84. Approval of the establishment of any student activity account for a nondistrict-supported student activity, after the student activity is approved, without District financial support, in accordance with Policy 2430 - District-Sponsored Clubs and Activities, shall be determined by the District Administrator before monies can be collected or disbursed in the name of said activity.

#### Definitions

The following definitions are provided for these terms within the context of this policy:

- A. **District-sponsored student activity:** All student activities recognized by the District as approved co-curricular/extra-curricular activities are designated as District-sponsored, including both District-supported and nondistrict-supported student activities. (See Policy 2430 - District-Sponsored Clubs and Activities and Policy 6611 - District-Supported/Sponsored Student Activity Accounts)
- B. **District-supported student activity:** The District provides financial support of the student activity and exercises administrative control over dispersal of the activity's funds. (See Policy 6611 - District-Supported/Sponsored Student Activity Accounts)
- C. **Nondistrict-supported student activity:** The District does not provide financial support of the student activity and does not exercise administrative control over dispersal of funds.

Other terms are used as defined in Bylaw 0100 - Definitions.

#### Nondistrict-supported Student Activities

Nondistrict-supported student activity accounts are intended to provide a custodial account for an approved student activity for which the District does not provide funds (i.e., have financial involvement) or exercise administrative control over the funds. Such nondistrict-supported student activities may not be required by any course or provide any academic credit. These student activities are established for District students and may have a District-assigned and/or a District-compensated staff advisor/coach for supervisory purposes. While these student activities may use District facilities, equipment, and materials, the funds for these activities are self-managed by the students. Assistance from parents or other volunteers is permissible (see Policy 8120 - Volunteers). Fund-raising is permissible in accordance with District policies (see Policy 5830 - Student Fund-Raising and Policy 9700 - Relations with Non-School Affiliated Groups). Equal access shall be provided in accordance with Policy 5730 - Equal Access for Nondistrict-Sponsored Student Clubs and Activities. A District staff member may serve as an advisor/coach, but decisions regarding money must be made by the students, as long as such expenditures do not violate District policies (e.g., purchase of illegal items, purchase of

nonconforming technology, purchase from a non-approved vendor). As a fiduciary in accordance with GASB 84, the District maintains custodial accounts for the student activity, but does not determine or approve how account monies are used since financial decisions are made by the students without administrative control or endorsement from District staff.

### **Criteria for Nondistrict-Supported Student Activity Accounts**

Nondistrict-supported student activity accounts may be established if all of the following criteria are met:

- A. The student activity account has been approved in accordance with this policy.
- B. The activity's students or student officers make all decisions regarding revenues, budgeting, and expenditures.
- C. Any request to expend money from the account must be endorsed in writing by the activity's President and Treasurer.
- D. The activity's advisor/coach is NOT permitted to make decisions regarding money, nor may the advisor/coach initiate or endorse any expenditure request.
- E. The student activity account is not under the District's control, nor subject to District oversight.

### **~~Accounts for District-Supported Clubs, Activities, and Athletics~~**

~~District supported clubs, activities, and athletics are supported, at least in part, with District funds and are therefore subject to District oversight and management. In addition, any club, activity, or athletic team that does not directly receive designated District funds but is required for a course or provides academic credit is also considered District-supported and is subject to District oversight and management.~~

~~District supported clubs, activities, or athletics are not affected by this policy.~~

~~Typically, District supported student co-curricular activities have designated activity funds established either in Fund 10 or Fund 21 in accordance with GASB 84, DPI regulations, and auditor recommendations. Financial support includes, but is not limited to, budgeted funds allocated by the District or school, an advisor/coach paid for by the District or school who exercises control over the activity's fund, some activities offered to students paid for by the District or school, and transportation paid for by the District or school. Also, financial support includes indirect financial assistance as part of the District's educational program when student participation is required by a course or academic credit is awarded for participation in the activity.~~

### **General Provisions**

The purpose of District-sponsored activities is to enable students to explore a wider range of individual interests than may be available in the District's courses of study but are still related to accomplishing the educational outcomes for students as adopted by the Board in Policy 2131 - Educational Outcome Goals and Expectations. District-sponsored activities must be approved in accordance with Policy 2430 - District-Sponsored Clubs and Activities or Policy 2431 - Interscholastic Athletics.

District-sponsored student activities are authorized to use the District name, logo, mascot, or any other name which would associate an activity with the District provided such use is consistent with other applicable District policies.

Student fund-raising shall be conducted in accordance with Policy 5830 - Student Fund-Raising and Policy 9700 - Relations with Non-School Affiliated Groups.

All collected money shall be handled, secured, and deposited in accordance with Policy 6630 - Cash Handling and Deposits. Misappropriation of activity monies, which includes theft or any other misuse of monies, will result in discipline up to and including suspension, expulsion, and/or termination of employment.

### **Discontinued Student Activities**

After one (1) full school year of inactivity, the unexpended funds of a discontinued nondistrict-supported student activity shall be transferred to the Student Council's account unless the discontinued student activity had provided other instructions for dispersal of its unexpended funds.

After one (1) full school year of inactivity, the unexpended funds of a discontinued District-supported student activity shall be transferred to the District's General Fund - Fund 10.
