Camp Philosophy & Goals:

This camp is aimed to increase wrestling knowledge and begin to build the mind and mentality of a wrestling champion. A 'Champion' is often measured in wins and losses but in our program a 'Champion' is crowned when our wrestlers bring their God given abilities to our practice room and attempt to get the most of their bodies physically, mentally, and spiritually. Manawa wrestlers will commit to a way of life which will make them a 'Champion', not because they won 200 matches or a state title, but because they knew every single moment of every single day they gave it their all for what they believed in.

Each session has its own individual difference per the ability and age of the wrestlers. During the first session wrestlers will learn to stay heavy on their opponent and take advantage of conditioning and skill on their feet to be a force from the neutral position. In the second session wrestlers will learn how to break down and pin their opponents with aggressive moves and techniques. They will also learn various techniques from the bottom with a mentality of holding strong and then seize the opportunity given by their opponent. This combination of clinic sessions will give all of our programs wrestlers a solid base to build on next season and for the rest of the summer.
