#### Nondiscrimination on the Basis of Handicap/Disability

The District will not discriminate against otherwise qualified students with disabilities (i.e., students who otherwise meet eligibility criteria – e.g., age – for participation in the educational program and/or activities) in the provision of its educational programs and activities. The District further will provide a free appropriate public education to qualified students with disabilities. Said education shall entail the provision of regular or special education and related aids and services that are designed to meet the individual educational needs of students with disabilities as adequately as the needs of non-disabled students are met. This includes providing academic and non-academic services to students with disabilities in the same setting as their non-disabled peers to the maximum extent appropriate. In addition to its provision of educational services, the Board will not discriminate against otherwise qualified students with disabilities in its provision of non-educational academic and extra-curricular services and activities such as counseling services, physical recreational athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the District, referrals to agencies that provide assistance to persons with disabilities, and employment of students, and will provide students with disabilities an equal opportunity to participate in such activities. Qualified students with disabilities accommodations/modifications/interventions to the District's non-academic and extracurricular services and activities, unless such accommodations/modifications/interventions would impose an undue financial burden, or would service or activity. A determination that a particular accommodation/modification/intervention would constitute an undue burden must be made by the Superintendent or his/her designee after considering all resources available for use in the funding and operation of the service or activity, and must be accompanied by written statement of the reasons for reaching that conclusion. In the event the Superintendent or his/her designee determines that an undue burden would result, the District will take any other action that would not result in such burden but would still allow, to the maximum extent possible, individuals with disabilities to receive the benefits of the District's non-academic and extra-curricular services and activities on an equal basis as individuals without disabilities.

#### **Procedures Applicable to Section 504**

Annually the District will undertake to identify and locate every qualified person with a disability residing in the District who is not receiving a public education, and notify the person and their parents or guardians of the District's duties and responsibilities under Section 504.

#### Referral

Any student who needs or is believed to need special accommodations, related services or programs under Section 504 of the Rehabilitation Act of 1973, may be referred to the Building Consultation Team for evaluation. Referrals may be made by anyone (e.g., parents, teachers, or other knowledgeable professionals). Referrals shall be made on the Suspected Disability Referral Form and submitted to the building principal. Referrals may be made at any time. Parents may request a referral form by contacting the building principal, guidance counselor, or District 504 Coordinator.

#### **Evaluations**

Upon receipt of a Suspected Disability Referral Form, the building principal will notify the appropriate 504 Case Manager who will collect all relevant information on the student to assist in documenting whether the student has a physical and/or mental impairment that substantially limits one or more major life activities.

The 504 Case Manager should contact school staff who perform assessments and have them review existing pertinent information and determine whether additional assessments are needed. If an evaluation is needed, written consent will be obtained and a copy of the Notice of Section 504/ADA Procedural Information and Rights will be sent to the parents.

The Building Consolation Team (BCT) will consider all relevant information on the student to determine whether he/she is disabled under Section 504. The assessment information may include, but will not be limited to, medical reports that document a physical and/or mental impairment, aptitude and achievement test scores, teacher observations, recommendations, and other data, including information on social or cultural background and adaptive behavior. Parents will be afforded the opportunity to meaningfully participate and provide input in the evaluation process. The student's parents will be sent a letter invited them to attend and participate in the BCT conference at least seven calendar days prior to the conference.

#### Plan

If a student is identified as disabled pursuant to Section 504, and the BCT determines the student requires specialized services and/or accommodations/modifications/interventions in order to receive FAPE and to access the District's programs and activities on an equal basis to

students without disabilities, the BCT will develop and complete the Section 504 Plan. The Plan will specify the accommodations/modifications/interventions necessary so that the student's needs are met as adequately as the needs of nondisabled students. The purpose of the Section 504 Plan is to provide the student with equal access to school activities, to remove barriers to educational opportunity, and provide, to the degree possible, a level playing field. The building principal will request written permission from parents to implement the Section 504 Plan.

#### Review of the Student's Evaluation

Re-evaluations are not required at specific intervals; however, assessments will be updated so that eligibility and accommodation planning is based on information that accurately defines the student's disability and reflects the student's current strengths and needs. At least every three years appropriate school staff should determine whether updated evaluations are needed. A re-evaluation will be completed prior to a significant change in placement. When a re-evaluation is needed, parents will be sent prior notice. Consistent with initial evaluations, parents will be afforded the opportunity to meaningfully participate and provide input in the re-evaluation process.

#### **Procedural Safeguards: Due Process**

The parents may challenge the actions of the BCT regarding identification, evaluation or placement of their child by filing a request for an impartial due process hearing. Alternatively, the parents may file an internal complaint. If the parents elect the former, the Board must provide a due process hearing before an impartial hearing officer ("IHO") that is not employed by the District. A parent does not need to first exhaust the internal complaint process in order to file a request for a due process hearing. In fact, a due process hearing may be requested at any time and parents do not waive that right if they first opt to try to resolve their dispute through the internal complaint process. If a parent is not satisfied with the IHO's decision, s/he may appeal it to a Federal Court of competent jurisdiction.

The parents may also file a complaint with the Office for Civil Rights. The Office for Civil Rights, however, is not part of the District's internal complaint process or the system of procedural safeguards, and, absent extraordinary circumstances, will not review the results of individual placement and other educational decisions so long as the District complied with the "process" requirements of Section 504 (concerning identification and locations, evaluation, and due process procedures).

#### 504 Process School District of Manawa

- 1. A concern is raised about a student by parent or school staff member.
- 2. The student is referred to the Building Consultation Team (BCT).
- 3. The BCT reviews all documentation and decides if there is enough information to make a <u>Section 504</u> <u>Referral</u>. The 504 Referral Form is given to the referring staff member or parent.
- Upon receipt of the completed referral form, the Principal will notify the 504 Case Manager (School Counselor) who will collect all relevant information.
- 5. A copy of the completed <u>Referral Form</u>, <u>Procedural Information and Rights</u>, and <u>Letter Notice Section 504</u> Initial Evaluation are sent to parent. Consent is to be obtained within 30 days of receipt of referral.
- 6. Following receipt of consent from parents, <u>Release of Information form</u> is filled out and sent to parents if the district doesn't already have permission to talk to the student's physician. The <u>Physician Questionnaire</u> is then sent after the Release of Information form is returned.
- 7. Within 60 days, the principal will convene the BCT to determine eligibility under 504. Meeting Notice is sent to parents at least 7 days prior to conference.
- 8. Summary of Evaluation Report is filled out at the meeting.

#### If found ineligible:

- 1. Summary of Evaluation Report and Procedural Information and Rights are sent to parents.
- 2. BCT decides if the student needs a Response to Intervention (RtI) Plan, student can be served appropriately without written interventions or more information is needed before making determination.

#### If found eligible:

- 9. <u>504 Plan</u> is developed by BCT. Parents are given Procedural Information and Rights and Section IX of the 504 Plan is filled out by parents giving consent to implement the plan if parents attended the meeting.
- 10. 504 Plan along with Procedural Information and Rights are sent to parents and consent to implement plan is obtained prior to finalizing the plan.
- 11. Copy of finalized plan is sent to District 504 Coordinator and filed in student's cumulative file.
- 12. Copies of plan are distributed to the student's teachers.
- 13. Before school starts each year, teachers of the student receive a copy of the 504 Plan.
- 14. Within the first 2 months of a new school year, BCT needs to meet to review the 504 Plan, decide whether to continue the existing plan, discontinue current plan or develop new plan.
- 15. A copy of the active 504 Plan is forwarded to the District 504 Coordinator (Secondary School Counselor), put in cumulative file and distributed to teachers by October 15.
- 16. Copy of active 504 Plan is sent to parents and Procedural Information and Rights is offered.
- 17. At least every 3 years, appropriate school staff should determine whether an updated evaluation is needed.
- 18. When re-evaluation is needed parents will be sent prior notice and copy of Procedural Information and Rights.

#### NOTICE OF SECTION 504/ADA PROCEDURAL INFORMATION AND RIGHTS

#### WHAT IS SECTION 504?

Section 504 of the Rehabilitation Act of 1973, as amended by the ADA Amendments Act of 2008 (hereinafter "Section 504"), is Congress' directive to schools receiving any Federal funding to eliminate discrimination based on disability from all aspects of their school operations. It states: "No otherwise qualified individual with a disability shall solely by reason of his/her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." Since the School District is a recipient of Federal dollars, its administrators and staff are required to provide eligible disabled students with equal access (both physical and academic) to services, programs, and activities offered by its schools. Section 504 is a civil rights statute and not a special education statute.

#### **HOW CAN I REFER MY CHILD TO DETERMINE 504 ELIGIBILITY?**

If you suspect that your child is "disabled" under Section 504/ADA, contact your child's teacher, school counselor, or building principal. You will be asked to complete a referral form and grant consent for a 504 evaluation. After the evaluation is complete, a meeting will be scheduled to determine if your child has a "disability." You have the right to the opportunity to meaningful participation in the process and provide input, even if you cannot attend the meeting in person.

#### WHAT CRITERIA ARE USED TO DETERMINE 504 ELIGIBILITY?

A student qualifies for Section 504 protection if s/he is determined to be an individual with a disability as defined by the statute. Specifically, the student must have a physical or mental impairment that substantially limits one or more major life activities, or have a record of such an impairment, or be regarded as having such an impairment. Only those students with an actual impairment, however, are entitled to accommodations/modifications/interventions pursuant to Section 504. Those students with a record of an impairment or who are regarded as having an impairment are entitled to protection from discrimination based upon disability.

Major life activities include, but are not limited to, functions such as (a) caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, working, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, communicating, learning, and (b) the operation of major bodily functions including the functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

#### WHAT IS THE DIFFERENCE BETWEEN SECTION 504 AND THE IDEIA?

Section 504 prohibits discrimination against students with disabilities and requires school districts to provide students with disabilities regular or special education and related aids and services that are designed to meet the individual educational needs of students with disabilities as adequately as the needs of nondisabled students are met. Any necessary accommodations/modifications/interventions must be delineated in a Section 504 Plan.

IDEIA requires districts to provide disabled students (ages 3 through 21) with special education and related services and supplementary aids and services designed to meet their unique needs and prepare them for further education, employment, and independent living. The special education and related services must be delineated in an Individualized Education Program (IEP).

#### PROCEDURAL INFORMATION AND RIGHTS

Below is a description of the rights granted by Federal law to individuals with disabilities. It is the intent of the District, pursuant to Section 504, to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of those decisions.

You have the right to:

- A. have your child take part in, and receive benefits from public education programs without discrimination because of his/her disability;
- B. have the School District advise you of your rights under Federal law;
- C. receive written notice of any decision regarding the identification, evaluation, or educational placement of your child;
- D. have your child receive a free appropriate public education (FAPE);

This includes the right to be educated with students who are not disabled to the maximum extent appropriate (i.e. the student's education will be provided in the regular education classroom unless it is demonstrated that education in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily) and to receive regular or special education and related aids and services that are designed to meet the individual educational needs of students with disabilities as adequately as the needs of nondisabled students are met.

- E. have your child educated in facilities and receive services comparable to those provided students without disabilities;
- F. have evaluation and educational placement decisions made based upon a variety of information sources, and by persons who know your child and are knowledgeable about the evaluation data and placement options;
- G. have your child transported in a non-discriminatory manner;

If the District refers a student for services outside the District, adequate transportation will be provided at no greater cost to you than if the services were provided within the District.

H. place your child in a private school or alternative educational program;

However, if the District makes a FAPE available to your child and nevertheless you choose to place your child elsewhere, the District is not required to pay for your child's education at the private school or alternative educational program, including any costs associated with related transportation.

- I. have your child be given an equal opportunity to participate in nonacademic and extra-curricular activities offered by the District;
- J. examine all relevant education records, including, but not limited to, those documents related to decisions regarding your child's identification, evaluation, educational program, and placement;
- K. obtain, at your own expense, an independent educational evaluation of your child;

- L. obtain copies of education records at a reasonable cost unless the fee would effectively deny you access to the records;
- M. a response from the School District to reasonable requests for explanations and interpretations of your child's education records;
- N. periodic re-evaluations and an evaluation before any significant change in program/service modifications;
- request amendment for your child's education records if there is reasonable cause to believe that information contained in the record(s) is inaccurate, misleading or otherwise in violation of the privacy rights of your child;

If the School District refuses to amend the record(s), you have the right to request a hearing and/or to attach to the record(s) a statement of why you disagree with the information it contains.

P. request mediation or an impartial due-process hearing related to decisions or actions concerning your child's identification, evaluation, and/or educational program or placement, and obtain any relief that is authorized by law;

You and your child may take part in the hearing and have an attorney represent you. Hearing requests must be made to the District Compliance Officer.

- Q. receive all information in your native language and mode of communication;
- R. file an internal complaint;
- S. file a complaint with the U.S. Department of Education's Office for Civil Rights;
- T. be represented at any point in the process by an attorney;
- U. be notified of your Section 504 rights (1) when evaluations are conducted, (2) when consent for an evaluation is withheld, (3) when eligibility is determined, (4) when a Section 504 Plan is developed, and (5) before there is significant change in the Plan.

Complaints, including complaints of disability-based harassment and requests for due process hearings, must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or requests for a hearing, and offer possible solutions to the dispute. Complaints must be filed with the District Section 504/ADA Compliance Officer. The Board of Education has designated Carmen O'Brien as the District Section 504/ADA Compliance Officer. #### Consent of Parent/Guardian for Release of Information

I authorize the School District of Manawa and the above-named individual/organization/agency to exchange information and records as indicated. Except as limited above, this authorization encompasses all information pertaining to the minor, including protected health information (PHI) as defined in the Health Insurance Portability and Accountability Act (HIPAA) and its implementing regulations, and education records as defined in the Family Educational Rights and Privacy Act (FERPA).

We expressly waive all provisions of law (including, but not limited to, the privacy provisions of HIPAA, FERPA, and R.C. 3319.321), forbidding any physician or other person who has or may hereafter treat, attend, or examine the minor, or any educational agency, from disclosing any knowledge or information, including PHI, which they may have thereby acquired.

Pursuant to HIPAA, the following are specified as part of this authorization:

- A. The purpose of disclosure is for assisting the School District in offering the student a free appropriate public education pursuant to Section 504 of the Rehabilitation Act of 1973.
- B. This authorization expires one (1) year after the date it is signed.
- C. The parents signing this permission form understand that they may revoke this authorization at any time by providing written notification to the District Compliance Officer, the building principal/Building Compliance Officer, or the individual/organization/agency listed above, except to the extent that this authorization has already been relied upon.
- D. The parents signing this form have been informed that the individual/organization/agency listed above may not condition treatment, payment, enrollment, or eligibility for benefits on whether the parents sign this authorization.
- E. The parents signing this form have been informed of the potential for information disclosed pursuant to this authorization to be subject to redisclosure by the recipient and to be no longer protected by HIPAA. The parents signing this form are also aware that any information disclosed to the School District is subject to other state and Federal privacy laws.

#### PARENTS' PROCEDURAL RIGHTS AND SAFEGUARDS, INCLUDING DUE PROCESS

In accordance with various Federal laws (including Section 504, the Americans with Disabilities Act of 1990, as amended ("ADA"), FERPA, and Title VII), the following procedural safeguards will be provided with respect to decisions or actions regarding the identification, evaluation, educational program or placement, or content of a Section 504 Plan of a student who is or may be disabled under Section 504, but not also disabled under the IDEIA:

- A. students with disabilities have the right to take part in, and receive benefits from, public education programs without discrimination because of their disabilities;
- B. parents have the right to be advised of their rights under Section 504;
- C. parents have the right to receive written notice of any decision regarding the identification, evaluation, or educational placement of their child;
- D. parents have the right to have their child receive a free appropriate public education ("FAPE") if the child has a physical or mental impairment that substantially limits one or more major life activities:

This includes the right to be educated with students who are not disabled to the maximum extent appropriate (i.e., the student's education will be provided in the regular education classroom unless it is demonstrated that education in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily) and to receive regular or special education and related aids/services that are designed to meet the individual educational needs of students with disabilities as adequately as the needs of nondisabled students are met.

- E. parents have the right to have their child educated in facilities and receive services comparable to those provided to students without disabilities;
- F. parents have the right to have evaluation and educational placement decisions made based upon a variety of informational sources, and by persons who know the student, and are knowledgeable about the evaluation data and placement options;
- G. parents have the right to have their child transported in a non-discriminatory manner;

If the District refers a student for aids, benefits, or services outside the District, the District will ensure that adequate transportation is provided at no greater cost to the parents than if the aids, benefits, or services were provided within the District.

H. parents have the right to place their child in a private school or alternative educational program;

However, if the District makes a FAPE available to the student that conforms to the requirements of Section 504 and nevertheless the parents choose to place the student elsewhere, the District is not required to pay for the student's education at the private school or alternative program, including costs associated with transportation.

- I. parents have the right to have their child given an equal opportunity to participate in nonacademic and extracurricular activities offered by the District;
- J. parents have the right to examine all relevant education records, including, but not limited to, those documents related to decisions regarding their child's identification, evaluation, educational program and placement;
- K. parents have the right to obtain, at their own expense, an independent educational evaluation of their child:
- L. parents have the right to obtain copies of education records at a reasonable cost unless the fee would effectively deny the parents access to the records;
- M. parents have the right to a response from the District to reasonable requests for explanations and interpretations of their child's education records;
- N. parents have the right to receive all information in the parents' native language and mode of communication;
- O. parents have the right to periodic re-evaluations and an evaluation before any significant change in program/service modifications;
- P. parents have the right to request amendments of their child's education record(s) if there is reasonable cause to believe that information contained in the record(s) is inaccurate, misleading or otherwise in violation of the privacy rights of their child;
  - If the District refuses to amend the record(s), the parents have the right to request a hearing and/or to attach to the record(s) a statement of why they disagree with the information it contains.
- Q. parents have the right to request mediation or an impartial due process hearing related to decisions or actions concerning their child's identification, evaluation, educational program or placement;
- R. parents have the right to file an internal complaint;
- S. parents have the right to be represented at any point in the process by an attorney;
- T. parents have the right to recover reasonable attorney fees as authorized by law (i.e., if the parents are successful on their due process claim);
- U. parents have the right to be notified of their Section 504 rights:
  - 1. when evaluations are conducted;
  - 2. when consent for an evaluation is withheld;
  - 3. when eligibility is determined:
  - 4. when a Section 504 Plan is developed; and
  - 5. before there is significant change in the Section 504 Plan.

#### **Procedural Rights Pertaining to Section 504 Due Process Hearings**

When a request for a due process hearing is received, the aggrieved party will have the opportunity to receive a hearing conducted by an impartial hearing officer ("IHO") (i.e., by a person not employed by the Board of Education, not involved in the education or care of the child, and not having a personal or professional interest that would conflict with his/her objectivity in the hearing).

The District will maintain a list of trained IHO's that may include IDEIA hearing officers, attorneys, and Directors of Special Education outside the District. The District Compliance Officer will appoint an IHO from that list, and the costs of the hearing shall be borne by the District. The appointment of an IHO will be made within fifteen (15) school days after the request for a due process hearing is received.

A party to such a due process hearing shall have:

- A. the right, at his/her/their own cost, to be accompanied and advised by legal counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities;
- B. the right to present evidence, and confront, cross-examine and compel the attendance of witnesses;
- C. the right to a written or electronic verbatim record of such hearing; and
- D. the right to written findings of fact and the reasons for the decision.

The IHO shall conduct the due process hearing within a reasonable period of time (i.e., not to exceed ninety (90) calendar days from the request for such a hearing, unless this time-frame is mutually waived by the parties or is determined by the IHO to be impossible to comply with due to extenuating circumstances).

The IHO will give the parent and/or student written notice of the date, time and place of the hearing. Notice will be given no less than twenty-one (21) calendar days prior to the date of the hearing, unless otherwise agreed to by the parent and/or student. The notice shall include:

- A. a statement of time, place and nature of the hearing;
- B. a statement of the legal authority and jurisdiction under which the hearing is being held;
- C. a reference to the particular section of the statutes and rules involved:
- D. a statement of the availability of relevant records for examination;
- E. a short and plain statement of the matters asserted; and
- F. a statement of the right to be represented by counsel.

The IHO shall conduct the hearing in a manner that will afford all parties a full and fair opportunity to present evidence and to otherwise be heard. The parent and/or student may be represented by another person of his/her choice, including an attorney.

The IHO shall make a full and complete record of the proceedings.

The IHO shall render a decision in writing to the parties within thirty (30) calendar days following the conclusion of the hearing. The decision will be based solely on the testimony and demonstrative evidence presented at the hearing and include a summary of the evidence (i.e., findings of fact) and the reason for the decision.

The notification shall include a statement that either party may appeal the decision.

Appeal of the IHO's decision may be made to a Federal court of competent jurisdiction.

# SECTION 504/ADA – COMPLAINT PROCEDURES RELATED TO ACCESSIBILITY OF DISTRICT FACILITIES

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

The following person is/are designated as the District's Section 504/ADA Compliance Officer ("District's Compliance Officer"):

Carmen O'Brien, Director of Curriculum

515 E. Fourth St. Manawa, WI 54949 Phone: (920) 596-2524 Fax: (920) 596-2655

cobrien@manawa.k12.wi.us

Building principals shall serve as Building Section 504/ADA Compliance Officer(s) ("Building Compliance Officer").

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed in a timely manner with either the District Compliance Officer or the Building Compliance Officer. The District's Compliance Officer is available to assist individuals in filing a complaint.

#### **Internal Complaint Procedure**

A person who has a complaint about District facilities or services may register such complaint with the Building Compliance Officer and/or District Compliance Officer. Such complaints should be filed inwriting within thirty (30) calendar days of the circumstances or event giving rise to the complaint. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. The written complaint must contain the following information:
  - 1. Name(s) of person(s) filing complaint.
  - Whether the person(s) represents an individual or group.
  - Whether the person(s) making the complaint has discussed the problem with the Building Compliance Officer and/or the District Compliance

Officer.

- A written summary of the complaint and a proposed solution.
- B. The Building Compliance Officer or the District Compliance Officer will conduct an impartial investigation and will respond to the complaint within five (5) business days. This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint.
- C. If a satisfactory response is not received within five (5) business days, the person should forward a copy of the complaint to the District Administrator, who will respond within ten (10) business days.
- D. If a satisfactory response is not received within ten (10) business days, the person may forward a copy of the complaint to the Board of Education. The Board will consider the complaint and respond within forty (40) calendar days.

#### **OCR Complaint**

At any time, if a member of the public believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the Americans with Disabilities Act, as amended ("ADA"), the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education

Office for Civil Rights

Appendix E: Monitor Report	

# **Procedure for Identifying Incoming EL Students**

- Families complete the Enrollment Form, including the Home Language Survey (HLS).
- All Home Language Surveys are sent to the EL Coordinator.
- When a language other than English is indicated, the EL Coordinator sends the Home Language Survey to building principal. Hard copy will be filed in the cumulative folder when the identification process is complete. All other Home Language Surveys are sent to building secretaries to be filed in students' cumulative folders.
- EL Coordinator researches student's cumulative folder for EL information. (i.e. previous Home Language Surveys, previous placements or servicing, previous assessments, forms written in another language, the student's previous school is not in the USA)
- EL Coordinator consults previous assessments when questionable information is found.

#### If a Language Proficiency Level is found:

# • If a current ACCESS score of 1.0-5.9 does exist, the EL Coordinator will designate the student as requiring appropriate EL services (if a student in grades 4-12 has a current ACCESS score of 5.0-5.9 and there are school records to support academic success, the EL coordinator will proceed with the manual reclassification process).

- EL Coordinator will contact parent/guardian to review language results and EL services.
- EL Coordinator places the original copy of Parent Approval Form or Refusal of Services Form in the student's cumulative folder in the main office.
- EL Coordinator will update Skyward.
- EL Coordinator uses results from current ACCESS scores to write Language Development Plan (LDP) for appropriate services.
- The EL Coordinator will update the building principal regularly of students identified for EL services and for those students not qualifying for services.

#### If a Language Proficiency Level is NOT found:

- EL Coordinator contacts parents/guardians to discuss student's educational and language background either before or after screener as appropriate.
- If there is not a current ACCESS score, the EL Coordinator will conduct a WIDA MODEL (Kindergarten) or W-APT screener to determine the student's present English language proficiency level.
- Parent or guardian will meet with the EL Coordinator to review language results and EL services.
- EL Coordinator will place the original copy of Parent Approval Form or Refusal of Services Form and screener in the student's cumulative folder in the main office.
- EL Coordinator will update Skyward.
- EL Coordinator uses results from screeners or current ACCESS scores to write a Language Development Plan (LDP) for appropriate services.
- The EL coordinator will update the building principal regularly of students identified for EL services and for those students not qualifying for services.

# **EL Screening Process**

All new registrants who are potentially Limited English Proficient (LEP) and have no previous Language Proficiency identification will be screened. The School District of Manawa utilizes the WIDA MODEL or W-APT. The WIDA MODEL is used for Pre-K, Kindergarten and first semester 1<sup>st</sup> grade students. The W-APT assesses students in second semester 1<sup>st</sup> grade -12<sup>th</sup> grade. This screening is to be completed within 30 days if at the beginning of school in September, or 14 days after September 30. (DPI—ESEA bulletin number 07.01)

- Based on information gathered during the identification process, the EL Coordinator will screen potentially LEP students.
- The EL Coordinator will ensure the district has the necessary screening materials available.
- The EL Coordinator will be trained to administer screeners.
- Upon completion of the screener, the EL Coordinator fills out the composite score calculation.
- EL Coordinator will reference WIDA.us score calculator.
  - If the student scores below a 5.1, the student is most likely eligible for services. In some cases, more information is needed before eligibility can be determined.
  - If the student scores a 5.1 or above on the screener, it should be noted that the student is not Limited English Proficient and does not qualify for services.
- The principal is informed of the screening results.
- EL Coordinator will file all results in Skyward.

#### **EL Placement**

#### **Age-Appropriate Placement**

EL students will be placed in an age-appropriate setting. There is a normal age range when placing students at grade level. The following table shows that range.

Grade	Normal Age Range	Maximum Age Range
K	5-6	7
1	6-7	8
2	7-8	9
3	8-9	10
4	9-10	11
5	10-11	12
6	11-12	13
7	12-13	14
8	13-14	15
9	14-15	16
10	15-16	17
11	16-17	18
12	17-18	19-21

A student should not be retained if such retention will result in the student attaining an age **above** the stated maximum. Retention of students within normal age ranges should be based on developmental progress rather than language or academic achievement

"Retention of students in grade "solely based on language" is considered a civil rights violation by OCR (Office for Civil Rights, US ED) and runs counter to research on best practices for these students."

Tim Boals, WI DPI

# Referrals of EL Students to Other Programs School-based Programs and Extracurricular Activities

In the School District of Manawa, students identified as English Learners (ELs) are full-fledged members of their respective school communities. ELs are provided equal access to the full range of district programs, including, but not limited to, special education, gifted and talented, Title 1, and all non-academic and extracurricular activities. The district encourages all students, including those identified as English Learners, to become involved in extracurricular and non-

academic activities, such as sports, clubs, and organizations. None of these may discriminate based on language.

#### **Application Process for School-Based and Extra-Curricular Activities**

At times, the district will offer special opportunity programs or activities to its students. The district assures that the application process and selection for these programs will not be dependent on a student's proficiency in English.

#### **Special Education**

The School District of Manawa does not place any student in a special education program based on his/ her English proficiency. The guidelines for special education are the same for both EL and non-EL students in accordance with the Individuals with Disabilities Act. When necessary, arrangements may be made for translators to assist with testing when it is determined that a special education evaluation is appropriate and the student's level of English proficiency would not yield reliable test results. English Learners identified as special education students may continue to receive EL services as determined by the student's IEP. EL modifications and accommodations would be made in the regular classroom by the regular classroom teacher. Special education services will be provided by appropriately qualified special education teachers.

#### **Special Programs and Related Services**

EL students will receive equal access to all district special opportunity programs. These programs include, but are not limited to Title I and at-risk programming, gifted and talented, literacy coaches, speech and other forms of special education, vocational and technical courses, and all extracurricular and nonacademic activities available to other students. The district assures that the selection or application process for special opportunity programs will not rely solely on measures of English language proficiency. The School District of Manawa will seek to provide assistance necessary for effective participation by EL students in these programs.

#### **Assessment**

#### Screeners

W-AAPT and WIDA Model (Kindergarten) are the screener tests used to determine the student's English language proficiency level.

#### **ACCESS for ELLs 2.0**

ACCESS for ELLs 2.0 is aligned with the WIDA English Language Development Standards and assesses each of the four language domains of Listening, Speaking, Reading, and Writing. It is given annually to monitor students' progress in acquiring academic English.

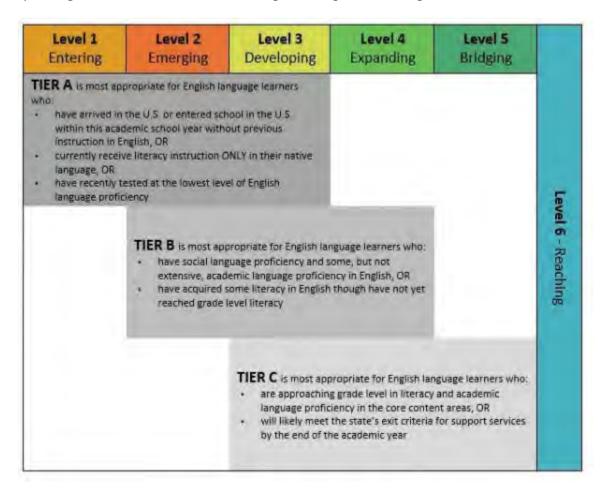

The ACCESS test is administered during strict time parameters determined by the Wisconsin department of Public Instruction. Students' in grades 1-12 complete the test in the online format, while the kindergarten and Alternate ACCESS for ELLs are completed in paper format.

ACCESS for ELLs 2.0 Online administration allows for students in multiple grade-level clusters and tiers to be within the same group for ease of administration. See below for exceptions to this.

Can administer together:	Exceptions (Must Administer Separately):
Same domain, different grade-level clusters and tiers  • Ex: During the Writing test session, students taking either Tier A and Tier B/C and/or students from Grade-level clusters 4-5 and 6-8 can be together.	<ul> <li>Speaking Pre Tier A</li> <li>Administer separately from students taking the Tier A and Tier B/C</li> <li>Speaking tests.</li> </ul>
Writing domain, students who keyboard and handwrite in booklets	<ul> <li>Writing 1 and 2-3</li> <li>Cannot be combined with Writing test sessions for Grades 4-5, 6-8, and 9-12.</li> <li>Must be separated into test sessions by both grade-level cluster and tier (e.g. Grade 1 Tier A, Grade 1 Tier B/C, Grades 2-3 Tier A, and Grades 2-3 Tier B/C).</li> </ul>
Test domains should not be combined into one te	Kindergarten     All individually administered.  st session. For example, the Listening test should

be administered in a different test sessions than the Reading, Writing, or Speaking test.

The image below outlines the Tier Placement Protocol educators use in assigning tiers with ACCESS for ELLs 2.0. It is important to note that while the Tier Placement Protocol is defined by three tiers, within the Speaking domain you will only see two potential tiers: A and B/C. The criteria below still encompass all relevant information regarding tier placement for the Speaking domain as well as the Listening, Reading, and Writing domains.

#### **EL Expectations and Teaching Suggestions by English Proficiency Level**

Level One Students (ENTERING):

- Have a few isolated English words and expressions
- Produce words, phrases, or chunks of language when presented with one-step commands, directions, wh- questions, or statements with visual graphic support
- Are in a silent period of infrequent verbal communication, during which they are working to make sense of a new language, culture, and educational setting
- Benefit from an accepting and encouraging environment
- Benefit from one or two same-sex buddies who can show them how to adjust to the new school environment
- Benefit from the use of visuals, pantomime, and hands-on activities, which will provide them ways to be active participants in class activities

#### Level Two Students (BEGINNING):

- Function in conversational and academic English with hesitancy and difficulty
- Understand only parts of lessons and simple directions
- Produce phrases or short sentences
- Have pre-emergent or emergent skills in reading and writing English
- Are significantly below grade level in ability to function in English
- Understand only some spoken English that deals with subjects they are already familiar with
- May become frustrated with their own rate of English language acquisition and may appear to be uncooperative
- Benefit from an accepting and encouraging environment
- Benefit from much visual support in instruction (think stick figures)
- Benefit from teachers who model and encourage correct usage in a positive way
- Benefit from teachers who avoid the use of idiomatic language

#### Level Three Students (DEVELOPING):

- Speak and understand "hallway" and academic English with decreasing hesitancy and difficulty
- Produce expanded sentences in oral interaction or written paragraphs
- Are developing reading and writing skills (which probably lag behind listening and speaking skills)
- Are often thought to have better comprehension than is the case
- May be reluctant to ask the questions they need to ask from a desire to fit in and not appear needy
- Still face a significant challenge when learning academic vocabulary
- Benefit from assistance when demonstrating academic knowledge in content areas
- Benefit from significant support to acquire knowledge in the content areas

#### Level Four Students (EXPANDING):

- Speak and understand conversational English without apparent difficulty
- Continue to acquire reading and writing skills in content areas
- Still need assistance to achieve grade level expectations in the reading and writing skills in many content areas
- Still have difficulty reading between the lines
- Are challenged by complex sentence structure and specialized vocabulary
- Will often have difficulty with usage variations and idiomatic language
- Benefit from continued support in acquiring the language skills and specialized vocabulary needed to succeed in the content areas
- Benefit from teachers who are sensitive to their desire to avoid the appearance of needing help

#### Level Five Students (BRIDGING):

• Understand and speak conversational English well

- Are nearly proficient in reading, writing, speaking, and content area skills needed to achieve grade-level expectations
- Are still refining writing skills and expanding vocabulary
- Still benefit from occasional support

Level Six Students (Formally EL):

Formerly LEP (Limited English Proficient)/ Now Fully English Proficient

A note about new arrivals: Students who are newly arrived from their home country are not only dealing with a new language and school environment, but they are also coming to terms with the loss of friends, familiar surroundings, and food (think school cafeteria). Often, they have left an extended family support network behind. Our climate may be shocking and unbearable. They may be chronically unprepared for the weather and school activities. They can exhibit an initial enthusiasm toward learning English, which might be followed by a period of moodiness, withdrawal, and lack of cooperation. They have realized how difficult it will be to learn English. They may be reluctant to ask questions because it is inappropriate in their home culture. Communication patterns in the home culture between children and adults may lead to behavior considered rude or inappropriate in mainstream US culture. Teachers can focus on modeling the behavior they would like to elicit.

### **Modifications & Accommodations for EL Students**

The School District of Manawa will provide modifications and accommodations to identified English Learners in grades PreK-12 to assist them in achieving the overall goals of the district. The WIDA Standards, in conjunction with the Common Core State Standards, will provide the foundation for English language acquisition and the academic development of identified ELs in the district. The school district is aware that English academic language proficiency may take between five and ten years. It is understood that this time frame can be impacted by the student's previous educational and social experiences.

A number of different modifications and accommodations will combine to provide a support that meets the needs of all identified English Learners in the district. The design of each Language Development Plan (LDP) will be flexible each year according to each student's proficiency levels and needs. These modifications and accommodations include, but are not limited to:

- Use graphic organizers
- Pre-teach vocabulary
- Provide background knowledge for cultural-related topics
- Prepare note pages
- · Provide study guides to organize material
- Emphasize important information after lesson
- Give directions in writing
- Use cooperative learning groups
- Provide peer tutoring
- Provide mentor tutoring
- Teach study skills
- Teach basic note taking skills
- Allow access to computerized programs
- Allow bilingual/electronic translator dictionaries
- Provide bilingual picture dictionaries at appropriate grade level
- Highlight key concepts in textbooks and/or provide modified versions of text
- Provide digital copies of books
- Use adapted or modified textbooks
- Allow and use of computer/word processing for papers
- Allow copying from book
- Adapt class worksheets modify or shorten assignments based on ELP level
- Provide extended time for assignments
- Do not deduct for spelling and grammar errors in writing assignments
- Allow assignments to be done in a different manner (ex. Speak rather than writing or write rather than speak)
- Allow students to answer test questions orally
- Provide word banks for fill-in-the-blank tests
- Provide matching activities

- Shorten test length
- Create an alternative assignment
- Extend time for tests
- Require only selected test items
- Read test to student
- Use portfolios (body of work) to assess
- Allow test corrections
- Other modifications/accommodations based on specific student need

## **Transition from EL Services & Monitoring Performance**

Students are exited (from the EL program) and monitored when they meet state and federal criteria as delineated in the two attached documents:

- ESEA Information Update #07.02
- ESEA Information Update #08.01

In order to ensure success for all exited EL program students and meet legal requirements, the EL Coordinator will monitor a student's progress in the academic areas each semester for two years after being exited from the program. On a semester basis, the monitor form will be sent to classroom and content area teachers.

If a student is experiencing academic difficulties, the EL coordinator and general education teacher(s) will provide appropriate intervention(s). If the student is continuing to demonstrate academic difficulty based on language proficiency, then a reentry meeting will be set up with the student's parents. The parents will have to sign for permission in order to receive EL services.

Dear Parent/Guardian:

Welcome to the school year! We are confident that your child will have a productive and enjoyable year.

Your child has been recommended to receive English Learner (EL) services. The goals of the English Learner services are to help students learn English more quickly by providing accommodations and modifications for students in core academic subject areas. The services your child will receive will help him/her be more successful in school. We encourage you to take advantage of these valuable services.

Your cooperation and participation will be sought throughout the school year. With a school/home partnership we should be able to make significant progress. As the first step, we need your approval for your child to be enrolled in the program. You have the right to remove your child from the program by contacting the EL Coordinator.

Please sign below and indicate if you would like your child to participate in the English Learner Program. If you have any questions or concerns, please feel free to contact us at the numbers provided below. Thank you.

Other Testing and Scores:
Classroom teachers and/or EL Coordinator will create, monitor, and evaluate two individual English language goals. Goals are created, monitored, and evaluated, so that the individual student will make necessary yearly progress of at least .4 growth on the ACCESS until the student meets the requirements for exiting the EL program.
Listening Goal Students apply oral information and follow directions. The student will:    follow single step directions. (L1-L2)   identify information from visual and auditory descriptions (match, sort, point). (L1-L2)   follow multi-step directions. (L3-L5)   categorize and sequence information. (L3-L5)   other:
Speaking Goal Students will orally express and discuss information in various formats.  The student will:  ask and answer wh- or choice questions. (L1-L2)  use descriptive language. (L1-L2)  restate facts or statements. (L1-L2)  make predictions. (L3-L5)  retell stories. (L3-L5)  other:  Evidence:
Reading Goal Students explain, interpret, and analyze text. The student will:  identify facts and explicit messages. (L1-L2) identify main ideas and central themes. (L1-L2) draw conclusions and infer. (L3-L5) interpret information or data. (L3-L5) other:
Writing Goal Students write in a variety of forms for different audiences and purposes. The students will:

☑ Universal tools are access features of the assessment that are either provided as digitally delivered components of the test administration system or separate from it. Universal tools are available to all students based on student preference and selection.				
Embedded:				
Breaks, Calculator, Digital Notepad, English Dictionary, English Glossary, Expandable Passages, Global				
Notes, Highlighter, Keyboard Navigation, Mark for Review, Math Tools, Spell Check, Strikethrough,				
Writing Tools, Zoom				
Non-embedded:				
Breaks, English Dictionary, Scratch Paper, Thesaurus				

□ <b>Designated Supports</b> are features that are available for use by any student for whom the need has been indicated by an educator or team. <u>Embedded</u> :
Color Contrast, Masking, Text-to-speech, Translated Test Directions, Translations (Glossary), Translations (Stacked), Turn off Any Universal Tools Non-embedded:
Bilingual Dictionary, Color Contrast, Color Overlay, Magnification, Noise Buffers, Read Aloud, Scribe, Separate Setting, Translated Test Directions, Translation (Glossary)
□ <b>Accommodations</b> are for students with disabilities and English Language Learners; they do not change the content being assessed or the skill level. Examples of accommodations include a large-print test or using a scribe to record student answers. Embedded:
American Sign Language, Braille, Closed Captioning, Streamline, Text-to-Speech
Non-embedded: Abacus, Alternate Response Options, Calculator, Multiplication Table, Print on Demand, Read Aloud, Scribe, Speech-to-Text
<b>Modifications</b> do change what is being assessed and are <b>not</b> allowed for any student during Wisconsin Student Assessment System (WSAS) testing. Examples of modifications include reducing the number of answer choices or shortening the length of the test.
ACT Suites (Grades 9-11)
☑ Default Embedded System Tools: Embedded System Tools are those common supports that are made available to ALL users upon launch/start of test by default. No advance request is needed. These tools are either embedded in the basic computer test delivery platform, or may be automatically provided as needed at the local level.  Examples of default embedded system tools may include, but are not limited to: a computer QWERTY keyboard, a mouse, electronic cut, copy and paste functions in a text entry box, as well as low tech items used with paper format tests, like 'Number 2' pencils, erasers, and similar basic tools such as non-specialized personal calculators for some tests.
□ Open Access Tools:  Open Access Tools may be used by anyone. To be activated they must be identified in advance and selected from the pull-down menu inside the test (CBT version), or must be planned in advance and provided locally. Thoughtful decision-making, informed by multiple observations and prior successful user experience, is strongly recommended. Users should be practiced, familiar and comfortable with using these types of tools, and comfortable using them in combination with any other tools they will also be using. Decisions to use these tools must be made well before the test it taken.
□ Accommodations:  Accommodation-level supports are available to "qualified users"—as determined by the responsible educational authority. These supports (used in content areas where permitted) allow the user to independently demonstrate the measured construct. ACT Aspire recommends that students who use

Aspire Personal Needs Profile (PNP) process. Any other formal qualifying procedure that is required by the responsible educational authority must be completed prior to completing the ACT Aspire PNP request process.

#### **Examples include:**

Needs for braille or tactile graphics, English text audio, Sign language interpretation, or other language translation

#### **Modifications**:

Modifications are not permitted in ACT Aspire tests for any user. Such extreme levels of support actually prevent meaningful access to the construct being tested by doing too much for the student, thus removing any ability for the user to demonstrate actual skill levels that might be present. Modifications, if used during the early instructional period may help some students to successively approximate and to eventually learn a new and difficult skill. However, even then, the intent is always to fade this extreme level of support away so that the student can increasingly demonstrate independent competence. In summative assessment, we are trying to observe what the student independently knows and can do. Therefore, if used during the assessment process, Modifications create a barrier to independent performance of competence.

#### **School District of Manawa**

#### **Mission Statement:**

The School District of Manawa is the place where students choose to excel academically and realize their strengths.

#### **Vision Statement:**

The School District of Manawa engages students to reach their full potential in a changing global society through highly effective instruction and leadership.

Wisconsin statute 118.153 requires every school board to identify the children at risk of not graduating from high school who are enrolled in the school district, and annually develop or update a plan describing how the school board will meet their needs.

#### **Contact Person:**

At Risk Coordinator

#### STUDENTS AT-RISK PROGRAM GOALS:

- To increase school success and graduation rate for students identified as at-risk.
- To provide opportunities for all students to feel a sense of belonging to the school community.
- To reduce student failure and potential dropouts.
- To provide early intervention for students identified as being at-risk.
- To involve parents and community resources in meeting the needs of students identified as at-risk.
- To enhance students' achievement and self-worth

#### CRITERIA USED TO IDENTIFY STUDENTS AT RISK:

Students in grades 6 through 12 who are at risk of not graduating from high school because they are dropouts or are two or more of the following:

- One or more years behind their age group in the number of high school credits attained
- Two or more years behind their age group in basic skill levels
- Habitual truants as defined by §118.16(1)(a)
- Parents
- Adjudicated delinquents

- Eighth grade pupils whose score in each subject area on the examination administered under §118.30(1m)(am) was below the basic level
- Eighth grade pupils who failed the examination administered under §118.30(1m)(am)
- Eighth grade pupils who failed to be promoted to the ninth grade
- Students with AODA use/ abuse
- Students with documented mental health issues

#### **IMPLEMENTATION OF AT-RISK PROGRAMMING**

Each summer, the principals will provide a list of students considered to be at risk of not graduating, based on the criteria listed above. These students will be discussed at the Building Consultation Team meetings early in the school year, by September 1. The building principals, as a part of the Building Consultation Team, are responsible for activating and implementing the district's intervention systems of support that will best fit the students' needs. When additional interventions, programs and services are needed, these teams will also take responsibility for assessment, identification, development of an action plan or program and progress monitoring. Students new to the district will be assessed and evaluated by the Building Consultation Team within four weeks of arrival.

#### DISTRICT INSTRUCTIONAL AND BEHAVIORAL SERVICES

To advance achievement for all students, the School District of Manawa has established a multilevel Response to Intervention (RtI) process for the early identification and support of students with learning and behavior needs. The RtI process begins with high-quality instruction and universal screening of all children in the general education classrooms. Struggling learners are provided with interventions at increasing levels of intensity to accelerate their rate of learning. These services may be provided by a variety of personnel. Progress is closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the intensity and duration of interventions are based on individual student response to the instruction. RtI is designed for use when making decisions about student needs, creating a well-integrated system of instruction and intervention guided by child outcome data. In this District, educational decisions are made within the Building Consultation Team (BCT) process. An overview of this process follows:

<u>Tier I: General instructional and behavioral services/programs</u> are the universal services and programming that provide a quality educational program for all students. These services and programs are also considered to be preventative and generally meet the needs of 80%- 90% of the district's students. They include:

#### Instructional Services:

- Standards-based instructional design
- Frequent classroom formative assessments
- Classroom intervention and progress monitoring
- Universal screening
- Parent access to Skyward database and district website

- Progress and Grade Reports
- School nursing services
- Curriculum adaptations/modifications
- Enrichment programs
- Summer School
- Career Counseling Conferences

#### Behavioral Services:

- Positive Behavior Interventions and Support (PBIS)
- Annual transition activities
- Training for teachers
- Anti-bullying initiatives
- Suicide Prevention Activities
- Parent/Teacher conferences
- Guidance and counseling programs
- Staff de-escalation training (Non-Violent Crisis Intervention)
- Focus on attendance

<u>Tier II: Supplemental school instructional and behavioral programs/services</u> are supplemental services and research-based interventions provided to some students (5-15%) when the students meet criteria established in the Rtl process. Grade-level teams or building resource staff work together to systematically implement and establish supports where student progress is monitored at least bi-weekly. These include:

#### Instructional Services

- Universal Screening and Tier II interventions in addition to classroom instruction
- Classroom and curricular modifications/accommodations
- Teacher training specific to at-risk students
- Online classes/credit recovery
- Title I reading support
- Section 504 Accommodations Plans
- Supplemental curriculum resource materials/ academic support
- Personalized Education Plans
- Health protocols and other individual (504) accommodation plans
- Assistive Technology
- English Language Learning program/support
- Enrichment programs

#### Behavioral Services:

- Truancy plan
- Positive Behavior Interventions and Support (PBIS)
- School counseling or psychology services
- Anti-bullying initiatives
- Small group and individual support; check-in and check-out

<u>Tier III. Intensive Interventions</u> are research-based interventions used with small groups of students whose deficiencies are so unique they require individualized and intensive instructional approaches. Students qualifying for Tier III will receive Tier I and Tier II services in addition to those listed here. These include:

- Skill specific Intensive/Individualized Interventions
  - Outlined by the Building Consultation Team and developed with input from teaching staff, parents, and student
- Alternate program
  - Personalized Education Plans
  - GEDO #2 program to earn a high school diploma
    - A program in which students take the four GED tests, complete health, civics, and other requirements
    - Students must be 17 years old
    - Students must be in the 4th year of high school
    - Students must be able to demonstrate a 9th grade level of reading
    - Students participate in 15 hours per week of small group instruction

#### PARENT NOTIFICATION

According to § PI 25.04 (5). the district must notify each pupil and his or her parent/guardian in writing whenever the pupil has been identified as a child at risk of not graduating. The Building Consultation Team will send notification before the school year begins. The notice shall include the following:

- The name and telephone number/email of a person the parent/guardian or pupil can contact regarding the school district's at-risk plan or program
- A description of the at-risk plan
- A statement that the pupil is eligible to be enrolled under the district's plan to serve children at-risk
- A description of the at-risk programs available and how the pupil may participate in a specific program if more than one program is offered
- A statement to inform the parent/guardian that he or she may select one or more programs in which the pupil may participate
- Description of the enrollment process
- Process for the parent/guardian if he or she disagrees with the planned services
- Assurance that the special education and related services needs of a pupil with a
  disability, as defined in § 115.76 (3)(5) are first addressed in the pupil's individualized
  education program developed pursuant to §115.787, whenever that pupil is also eligible
  to be served in an at-risk program

#### **EVALUATION**

The Building Consultation Team will evaluate and report to the school board annually, in July, the success of the services provided under the at-risk plan by:

• Increase in graduation rates

- Decrease in dropout rates
- Improved school attendance
- Decrease in legal referrals
- Decrease in disciplinary referrals
- Decrease in course failures

#### COMMUNICATION

The staff and community partners will be informed about the at-risk plan and available services through:

- District web page under the Programs and Services tab
- Course of Study catalog (posted on the district website Jr./Sr. H.S. page)
- Committee reports
- In-service time
- Involvement in the process of student identification
- Curriculum collaboration
- Staff meetings
- School board meetings

#### REFERRAL PROCESS

Students who meet the criteria for being a student at-risk can be brought to the attention of the school principals by the teaching staff, administration team, parents, or social service personnel. Once the list of students is compiled by the principals, the Building Consultation Team (BCT) reviews it and ensures that the students meet either the state, district, or discretionary criteria. Next, parents of students identified are notified of their eligibility for at-risk programming. A Personalized Education Plan (PEP) meeting is then scheduled. Then the PEP meeting takes place where parents, student, at-risk coordinator, and counselor discuss options for the student. At this point the parent and/or the student can decide to accept or reject the offer of programming by indicating their choice on the placement offer letter (addendum B) If the offer is rejected, the student is then placed in the traditional classroom for educational services. At the meeting, a Personalized Education Plan (addendum A) is developed and a monitoring system is put in place for any educational or behavioral goals laid out in the plan. The at-risk coordinator and the BCT will monitor the goals every four weeks or more often as needed. If sufficient progress is not being made, the parents are notified and modifications are made to the PEP at a meeting attended by the parents, student, at-risk coordinator, and counselor. Once the goals of the PEP are achieved, the student may be released from at-risk programming and will then receive educational services in the traditional classroom.
