This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the District Administrator. The Policies and Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed. If you have questions or would like more information about a specific issue, contact your school principal.

FOREWORD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the course of a school year. This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior student handbook.

Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with the following information and keep the handbook available for your and your parents' use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact your Guidance Counselor or Principal who you will find listed in the Staff Directory section of the handbook. This handbook supersedes all prior handbooks and other written or oral statements regarding any item in this handbook.

This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District. If any of the policies or administrative guidelines referenced herein is revised after June 30, 2015 the language in the most current policy or administrative guideline prevails. The current policies and guidelines are available on the District's website.

MISSION OF THE SCHOOL

The School District of Manawa engages students to reach their full potential in a changing global society through highly effective instruction and leadership.

EQUAL EDUCATION OPPORTUNITY/ANTI-HARASSMENT

It is the policy (5517) of the District to provide an equal education opportunity for all students. The right of a student to be admitted to school and to participate fully in curricular, extra-curricular, student services, recreational or other programs or activities shall not be abridged or impaired based on the traits of sex (including transgender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as "Protected Characteristics") or other protected characteristics as well as place of residence within District boundaries, or social or economic background.

Students who have been identified as having an impairment or disability under Section 504 of the Rehabilitation Act or the Americans with Disabilities Act shall be provided with appropriate educational services. Parents who have questions should contact school counselor Debra Weisert at (920) 596-5802.

Any person who believes that the Little Wolf Jr. / Sr. High School or any staff person has discriminated against them in violation of this policy may file a complaint. A formal complaint can be made in writing to a School Compliance Officer listed below:

Dan Wolfgram
Principal (920) 596-5310
[dwolfgram@manawa.k12.wi.us](mailto:dewolfgram@manawa.k12.wi.us)

Carmen O'Brien
Curriculum and Instruction (920) 596-5840
cobrien@manawa.k12.wi.us

Due to the sensitivity surrounding complaints of harassment, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) calendar days of the complaint being received).

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Policy 5517.01 - Bullying and not Harassment under this Policy, because the conduct at issue is not based on a student's Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

Under no circumstances will the District threaten or retaliate against anyone who raises or files a complaint.

Little Wolf Jr./Sr. High School is committed to an educational environment that is free of harassment of any form. The school will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the school district community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

Harassment Policy*

**Parents and students are encouraged to read the full text of the Board of Education policy governing Anti-Harassment 5517 and Bullying 5517.01 available on the District web site or by contacting the school main office.*

Bullying Policy

**Parents and students are encouraged to read the full text of the Board of Education policy 5517.01 governing Bullying available on the District web site or by contacting the school main office.*

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, including at any of the school buildings or other property used exclusively or in part, whether leased or owned by the District, for the purpose of school-related functions or events; or while traveling to or from school or to and from school-sponsored functions or events; in transporting vehicles arranged for by School District officials. The policy applies as well during activities that occur off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the supervision of school authorities, or where an employee is engaged in school business.

Bullying is deliberate or intentional behavior using word or actions, intended to cause fear, intimidation, or harm.

Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well-being. The behavior may be motivated by an actual or perceived distinguishing characteristic, such as, but not limited to: age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status; however this type of bullying behavior need not be based on any of the legally protected characteristics. It includes, but is not necessarily limited to such behaviors as stalking, cyber bullying, intimidating, menacing, coercing, name-calling, taunting, making threats, and hazing.

Any student that believes s/he has been or is the victim of bullying should immediately report the situation to the building principal or assistant principal, or the District Administrator. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the District Administrator. Complaints against the District Administrator should be filed with the Board President.

Every student is encouraged to report any situation that they believe to be bullying behavior directed toward a student. Reports may be made to those identified above.

All school staff members and school officials who observe or become aware of acts of bullying are required to report these acts to the building principal or assistant principal, or the District Administrator.

Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously and a clear account of the incident is to be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report.

All complaints about behavior that may violate this policy shall be investigated promptly by the building principal. The staff member who is investigating the report of bullying shall interview

the victim(s) of the alleged bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report.

Parents and/or guardians of each student involved in the bullying report will be notified prior to the conclusion of the investigation. The District shall maintain the confidentiality of the report and any related student records to the extent required by law.

If the investigation finds that bullying has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include student discipline, including, but not limited to reprimand, suspension, or possible expulsion. Further, the result of an investigation that finds that bullying has occurred may result in discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying. Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally making a false report may result in disciplinary action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

Some examples of bullying are:

- Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.

“Harassment” means behavior toward a student or group of students based, in whole or in part on the traits of sex (including transgender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as “Protected Characteristics which substantially interferes with the student’s school or academic performance or creates an intimidating, hostile or offensive school environment. SEXUAL HARASSMENT

Sexual harassment deserves special mention. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education; or
- B. Submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual’s education; or

It is also the policy of the School that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the school, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student. An inappropriate boundary invasion by a District employee or other adult member of the School District Community into a student's personal space and personal life is sexual harassment.

If you wish to report harassment, please contact one of the Complaint Coordinators listed above.

A copy of school's Anti-Harassment Policy, including the reporting, investigation, and resolution procedures, is available in the school office.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of Little Wolf Jr./Sr. High School are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and obey all school rules. Disciplinary procedures will comply with the requirements of State and Federal law.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

Students must arrive at school on time, prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from the attendance secretary Shelley Keller at extension 5801.

- Adult students (age eighteen (18) or older) are expected to follow all school rules. If residing at home, adult students should include their parents in their educational program.

STUDENT WELL-BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify a staff person immediately.

All students must have an emergency medical card completed, signed by a parent or guardian, and filed in the school office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the school office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or to the office staff. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

A student who becomes injured or ill during the school day should request permission from the teacher to go to the office. The office staff will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission.

HOMEBOUND INSTRUCTION

The District may arrange for individual instruction to students of legal school age who are not able to attend classes because of a serious physical or emotional disability. Parents should contact the principal regarding procedures for such instruction.

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

Students generally enroll in the district in which they live. However, the Board will release a resident student who is accepted as a student in another school district under that district's open enrollment program.

Students that are new to Little Wolf Jr./Sr. High School are required to enroll with their parents or legal guardian unless eighteen (18). When enrolling, the parents will need to bring:

- A. A birth certificate or similar document;
- B. Custody papers from a court (if appropriate);
- C. Proof of residency; and
- D. Proof of immunizations and/or an appropriate waiver.

In some cases, a temporary enrollment may be permitted. If that is done, the parents will be told what records are needed to complete the enrollment process.

Students enrolling from another accredited school will have their courses and grades evaluated by the guidance department. The office staff will assist parents in obtaining the official records from the other school.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the Homeless Liaison with regard to enrollment procedures.

Adult students (eighteen (18) years of age or older) may enroll themselves, but if residing with their parents, are encouraged to include them in the process. Adult students do carry the responsibilities of both the student and parent and are expected to follow all School rules.

SCHEDULING AND ASSIGNMENT

Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and available class space. Any changes in a student's schedule should be handled through the Debra Weisert, school counselor. It is important to note that some courses may be denied because of limited space or the need to complete prerequisites courses. Students are expected to follow their schedules. Any variation should be approved with a pass or schedule change.

- Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without a written request signed by the parent a person whose signature is on file in the school office or the parent coming to the school office to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a permission note signed by the custodial parent(s) or guardian.

TRANSFER OUT OF THE DISTRICT

If a student plans to transfer to another school, the parent must notify the Principal. Transfer will be authorized only after the student has completed the arrangements, returned all school

materials, and paid any fees or fines that are due. Parents are encouraged to contact Debra Weisert, school counselor for specific details.

OPEN ENROLLMENT

The School District of Manawa will participate in the Wisconsin Public School Open Enrollment Program in accordance with applicable law and the relevant policies and rules of the District, all as amended from time-to-time.

WITHDRAWAL FROM SCHOOL

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parents and completion of any required forms.

IMMUNIZATIONS

Each student must have the immunizations required by the Wisconsin Department of Health and Human Services or must have an authorized waiver. If a student does not have the necessary shots or waivers, s/he may be excluded from school as permitted by law. This is for the safety of all students and staff. Any questions about immunizations or waivers should be directed to Trisha Taber, school Nurse.

STUDENT ACCIDENTS/ILLNESS/CONCUSSION

The Manawa School District believes that school personnel have certain responsibilities in case of accidents, illness or concussions that occur in school. Said responsibilities extend to the administration of first aid by persons trained to do so, summoning of medical assistance, notification of administration personnel, notification of parents, and the filing of accident reports.

EMERGENCY MEDICAL AUTHORIZATION

The Board has established a policy that every student must have an Emergency Medical Authorization Form completed and signed by his/her parent in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities.

The school has made the Emergency Medical Authorization Form available to every parent at the time of enrollment. A student's failure to return the completed form to school may jeopardize the student's participation in school activities.

USE OF PRESCRIBED MEDICATIONS

In those circumstances where a student must take prescribed medication during the School day, the following guidelines are to be observed.

- Parents should, with their physician's advice, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.

- The Medication Request and Authorization Form 5330 F1, Form 5330 F1a, and Form 5330 F1b must be filed with the principal and the school nurse before the student will be allowed to begin taking any medication during school hours. The forms are available in the School office.
- All medications to be administered during school hours must be registered with the Nurse's office.
- Medication that is brought to the office will be properly secured.
- Medication may be conveyed to school directly by the parent.
- For each prescribed medication, the container shall have a pharmacist's label with the following information:
 1. Student's name
 2. Practitioner's name
 3. Date
 4. Pharmacy name and telephone
 5. Name of medication
 6. Prescribed dosage and frequency
 7. Special handling and storage directions
- Medication MAY NOT be sent to school in a student's lunch box, pocket, or other means on or about his/her person, except for emergency medications for allergies and/or reactions.
- Any unused medication unclaimed by the parent will be destroyed by School personnel when a prescription is no longer to be administered or at the end of a school year.

A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

ASTHMA INHALERS AND EPI-PENS

Students, with appropriate written permission from the physician and parent, may possess and use a method dose inhaler or dry powder inhaler to alleviate asthmatic symptoms. Inhalers and Epinephrine (Epi-pen) can be administered only in accordance with conditions confirmed by the school principal and updated annually.

USE OF NONPRESCRIBED (DRUG PRODUCTS)

- Staff and volunteers will not be permitted to dispense non-prescribed drug products to any student without written parental consent.

The Nonprescription Drug Product Request and Authorization Form 5330 Fla must be filed with the School Nurse before the student will be allowed to begin taking any medication during school hours.

For each nonprescription drug product, the container shall be the original manufacturer's package and the package must list in a legible format the ingredients and recommended therapeutic dose.

The parents request to administer a nonprescription drug product shall contain the following information:

- A. Student's name
- B. Date
- C. Name of medication
- D. Dosage and frequency
- E. Special handling and storage directions

Further, only those nonprescription drugs that are provided by the parent or guardian in the original manufacturers' package which lists the ingredients and dosage in a legible format may be administered.

Parents may authorize the school to administer a non-prescribed drug product using a form which is available at the school office. A physician does not have to authorize such medication. The parent may also authorize on the form that their child

- May self-administer the medication.
- Keep the medication in his/her possession.

If a student is found using or possessing a non-prescribed drug product without parent authorization, s/he will be brought to the school office and the parents will be contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes a medication of any kind to another student or is found to possess a medication other than the one previously authorized is in violation of the school's Code of Conduct and may be disciplined in accordance with the drug-use provision of the Code.

[Note: Be sure these medication sections agree with Board Policy 5330.]

HEAD LICE

If a child in the District is found to have lice, the child's parent will be contacted to have the child treated and to pick him/her up immediately. After treatment and upon returning to school, the child will be examined by the school health staff or principal. The District practices a policy of "no live lice" and no nits as criteria for return to school.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. A teacher, nurse, or Principal may send home a student who is suspected of having a communicable disease and will notify the parent of such action and the reason(s) it was taken. School officials may be required to notify local health officials if they suspect a student has a covered communicable disease. School officials will comply with notification requirements of the Department of Health and Family Services in addition to notifying the student's parent.

Examples of such diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Wisconsin Department of Health and Human Services.

Any student's removal from school will only be for the contagious period as specified in the school's administrative guidelines.

DIRECT CONTACT COMMUNICABLE DISEASES

In the case of non-casual-contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff in school unless there is definitive evidence to warrant exclusion.

Non-casual-contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human Immunodeficiency Virus), Hepatitis B, and other diseases that may be specified by the Wisconsin Department of Health and Human Services.

As required by Federal and State law, parents may be required to have their child's blood checked for HIV and HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

INDIVIDUALS WITH DISABILITIES AND LIMITED ENGLISH PROFICIENCY

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is generally required. More important, the school encourages parents to be active participants. To inquire about Special Education programs and services, a parent should contact Dr. Melanie Oppor (920) 596-2525.

The district is committed to identifying, evaluating, and providing a free appropriate public education ("FAPE") to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

Services are also available to students with Limited English Proficiency. To inquire about programs and services, a parent should contact Carmen O'Brien at (920) 596-5840.

STUDENT RECORDS

The origination and maintenance of appropriate student records are essential to the effective operation of the District and meeting the educational interests of students. The rights and responsibilities of students, parents and the District with respect to student records are governed by State and Federal law. Many student records are kept by teachers, counselors and administrative staff. There are two (2) basic kinds of student records -- directory information and confidential records.

Directory information can be given to any person or organization for non-commercial or non-business purposes when requested, unless the parents of the student object in writing to the disclosure as required under school policy and State and Federal law. Directory information generally includes those student records which identify a student's name, address, telephone number, date and place of birth, photograph, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, date of graduation, photographs, name of school most recently previously attended and degrees and awards received. Directory information also includes a student ID number,

user ID, or other unique personal identifier used by the student when accessing or communicating in a district's electronic systems, if, standing alone, it cannot be used to access student education records, (i.e. a pin number, password, or other factor is also needed).

- If parents and eligible students do not submit such written notification to the Board, directory information may be utilized by the District Administrator in District-wide publications, on the cable television educational access channel, or on the District's website. The directory information used will be properly verified and approved by the District Administrator.

[Insert the District's definition of "directory information " from District Administrative Guideline 8330]

Student records are generally considered confidential under State and Federal law and may not be released to third parties unless the student's parents' consent in writing. However, there are exceptions to confidentiality, and requests for records within these exceptions may be granted without a parent's written consent. If you have questions about the confidentiality of student records and/or the release of student records to third-parties, please contact Dr. Melanie Oppor or consult the **Board's Policy 8330** - Student Records and associated Administrative Guidelines.

Parents and students are reminded of: 1) their rights to inspect, review and obtain copies of students records; 2) their rights to request the amendment of the student's school records if they believe the records are inaccurate or misleading; 3) their rights to consent to the disclosure of the student's school records, except to the extent State and Federal law authorizes disclosure without consent; 4) the categories of student record information which have been designated as directory information and their right to deny the release of such information; and 5) their right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. Political affiliations or beliefs of the student or his/her parents;
- B. Mental or psychological problems of the student or his/her family;
- C. Sex behavior or attitudes;
- D. Illegal, anti-social, self-incriminating or demeaning behavior;
- E. Critical appraisals of other individuals with whom respondents have close family relationships;
- F. Legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. Religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact Jeanne Frazier, Administrative Assistant to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the

student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The District Administrator will provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the District Administrator is directed to notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information for otherwise providing that information to others for that purpose); and
- B. The administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both Family Educational Rights and Privacy Act (FERPA) and Protection of Pupil Rights Amendment (PPRA). Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW 20202-4605
Washington, D.C.

Informal inquiries may be sent to the Family Policy Compliance Office via the following email addresses: FERPA@ED.Gov; and PPRA@ED.Gov.

ARMED FORCES RECRUITING

The School must provide at least the same access to the high school campus and to student directory information as is provided to other entities offering educational or employment opportunities to those students. “Armed forces” means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent of a student submits a signed, written request (Form 8330 F13) to the Board that indicates that the student or the parent does not want the student’s directory information to be accessible to official recruiting representatives then the school officials of the school shall not allow that access to the student’s directory information. The Board shall ensure that students and parents are notified of the provisions of the opportunity to deny release of Directory information. Public notice shall be given regarding right to refuse disclosure to any or all “directory information” including in the armed forces of the United States and the service academies of the armed forces of the United States.

If parents and eligible students do not submit such written notification to the Board, directory information may be utilized by the District Administrator in District-wide publications, on the cable television educational access channel, or on the District’s website. The directory information used will be properly verified and approved by the District Administrator.

Annually the **Board** will notify male students age eighteen (18) or older that they are required to register for the selective service.

STUDENT FEES, FINES, AND CHARGES

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules will apply to all fund-raisers.

- Students involved in the fund-raiser are not to interfere with students participating in other activities in order to solicit funds.

- Students under the age of nine (9) must be accompanied by a parent or person sixteen (16) years of age or older.
- Any fund-raisers that require students to exert themselves physically beyond their normal pattern of activity, such as "runs for", will be monitored by a staff member in order to prevent a student from overextending himself/herself to the point of potential harm.
- No student may participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the principal.
 - () Fundraising by students on behalf of school-related organizations whose funds are not managed by the District may be permitted on school grounds by the District Administrator. STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

REVIEW OF INSTRUCTIONAL MATERIALS

Parents have the right to review any instructional materials related to the human growth and development curriculum and may also observe instruction in classes dealing with such subject matter. Any parent who wishes to review instructional materials or observe classroom instruction should contact the Principal to make the appropriate arrangements. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

MEAL SERVICE

The school participates in the National School Lunch Program and makes lunches available to students for a fee. Ala carte items are available. Students may also bring their own lunch to school to be eaten in the school's cafeteria.

ONLY Juniors and Seniors who have met the minimum GPA of 2.75 will be allowed to leave campus for lunch.

Applications for the school's Free and Reduced-Priced Meal program are distributed to all students. Extra applications can be obtained in the school office.

FIRE AND TORNADO DRILLS

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers, who are responsible for safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted during the tornado season using the procedures provided by the State.

Lock down drills in which the students are restricted to the interior of the school building and the building secured may occur during the school year.

Any visitor found in the building without a pass shall be reported to the Principal. If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the school, in order to prevent any loss of instructional time.

Visitors access to classrooms and instructional activities are subject to reasonable restrictions and limits. Please consult with the Principal regarding these restrictions.

USE OF CELL PHONES, OR ELECTRONIC COMMUNICATION DEVICES

SCHOOL DISTRICT OF MANAWA

Electronic Communication Device Policy

The School District of Manawa recognizes the value electronic communication devices add to the educational experience of all students as well as aid in improving communication with parents. Therefore, the use of wireless communication devices (WCDs) before and after school, during lunch break, in between classes, during after school activities (e.g. extra-curricular activities), and/or at school-related functions is permitted. WCDs may also be used in class when authorized by the classroom teacher. Use of WCDs at any other time is prohibited. Such possession or use of the WCDs may not, in any way,

1. Create a distraction, disruption or otherwise interfere with the educational environment.

2. Endanger the health or safety of the student or anyone else.
3. Invade the rights of others.
4. Involve illegal or prohibited conduct of any kind.

A "wireless communication device" is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor. The following devices are examples of WCDs: cellular and wireless telephones, pagers/beepers, personal digital assistants (PDAs), BlackBerries/Smart phones, Wi-Fi-enabled or broadband access devices, two-way radios or video broadcasting devices, laptops, and other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school.

Permission for the possession of a WCD is allowed after an Electronic Communication Device Permit is signed by a parent/guardian, approved by the principal/designee, and on file in the principal's office. The permit will only be valid for the school year in which it was filed. Permission to possess a WCD is dependent on observing the following:

- Students are personally and solely responsible for the care and security of their WCDs. The School District of Manawa and its employees assume no responsibility for theft, loss, damage, or vandalism to WCDs brought onto its property, or the unauthorized use of such devices.
- Students agree that the WCD will remain turned off except when the student is using the device. This means that the device will not ring, beep, vibrate, buzz, or exhibit other displays that indicate that the device is activated.
- Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person during the school day, without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal.
- "Sexting", the electronic transmission of sexual messages or pictures, usually through cell phone text messaging, is prohibited at any time on school property or at school functions, while under the supervision of school authorities, or transmitted to others at school. This prohibition also explicitly includes displaying images received to a third party. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.
- WCDs, including but not limited to those with cameras, may not be possessed, activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, classrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. **See Policy 731.1** – Locker Room Privacy Policy. The building principal has authority to make determinations as to other specific locations and situations where possession of a WCD is absolutely prohibited.
- No expectation of confidentiality will exist in the use of WCDs on school premises/property.
- Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. **See Policy 411.1** – Harassment and/or Bullying of Students.
- Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or

academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information.

Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g., child pornography).

Any person who knows a student is using a WCD in violation of this policy is obligated to report the violation to the building principal.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office. Students may use school phones to contact parents/guardians during permissible times of the school day.

In order to ensure dissemination of this policy, it will be included in all student handbooks. The administration will establish procedures for violation of this policy in the student handbook.

LEGAL REF.: Section 118.28 Wisconsin Statutes

Students who violate this policy will face the following disciplinary consequences: (Any electronic device or combination thereof).

1st offense –Warning – device is requested to be turned off.

2nd offense – Teacher confiscates for the class period.

3rd offense – Phone is turned into the main office where a parent or guardian must pick up.

Students refusing to relinquish their WCD may receive an in-school or out-of-school suspension. If they still refuse the proper authorities will be called.

WEAPONS

The Board of the School District of Manawa prohibits possession, use or threat to use, or storing of a weapon or look-alike weapon on school premises before, during, or after school, or at any school-sponsored activity. "School premises" includes a school building, school bus or vehicle, or any other school facility (including any school transportation facility, whether owned or contracted by the District).

Determination of whether an item constitutes a weapon under this policy shall be made in accordance with established procedures. Exceptions to this policy include items which otherwise might be classified as weapons which are brought or transported to school premises or activities as part of a recognized activity for which the item is required, unless such is prohibited by law. (Examples might include but are not necessarily limited to guns handled by a staff member in a gun safety class, a look-alike gun which might be used in a dramatic activity, a gun bayonet which might be part of a history lesson, or a starting pistol used by a staff member in a track athletic event.)

Teachers should advise the appropriate building administrator beforehand of any activity or lesson necessitating the bringing to school of materials such as those described in this policy. Anyone found to be in violation of this policy is subject to discipline and/or legal action. If any part of this policy is held to be invalid under operation of the law, it shall not affect other parts of this policy which may be in compliance with the law.

ADVERTISING OUTSIDE ACTIVITIES

No announcements or posting of outside activities will be permitted without the approval of the Principal. A minimum of twenty-four (24) hours' notice is required to ensure that the Principal has the opportunity to review the announcement or posting.

The school has a central bulletin board located across from the main office which may be used for posting notices after receiving permission from the Principal.

VIDEO SURVEILLANCE

SECTION II - ACADEMICS

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental consent.

Attendance rules, the Code of Conduct and the Search and Seizure policy apply to all field trips.

GRADES

The Teachers have a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

The School uses the following grading system:

Grading Scale for all students:

A	95-100
A-	92-94
B+	89-91
B	86-88
B-	83-85
C+	80-82
C	77-79
C-	74-76
D+	71-73
D	68-70
D-	65-67
F	0-64

Marking System:

(A)	Excellent
(B)	Good
(C)	Average
(D)	Below Average
(F)	Failure

If a student receives an "F" in a required subject, he/she must repeat and pass that subject to fulfill graduation requirements. Ordinarily, a student who receives an "F" in a course, which is part of a sequence, must repeat and pass that course to continue in the sequence.

(I) Incomplete: When a student's work is not completed by the end of the quarter due to the student's absence from school, he/she receives an "I". This work, in most cases, must be made up within two weeks after the end of the quarter. Exceptions to the two-week period must be cleared through the principal. If work is not made up in the allowed time, the "I" becomes an "F".

(W) Withdrew: A student receives this grade when he/she drops a course with administrative approval.

NOTE: A student withdrawing from a course after the fifth week of the semester will do so with an F unless granted administrative exception.

GRADE POINT AVERAGE

To calculate a grade point average (G.P.A.), assign a point value to each course grade and divide by the total number of credits. For partial-credit courses use the fractional value of the grade. For example, a half credit course with an earned grade of C would be $.5 \times 2=1$. Then add this to the other grades earned for total points earned. This total is then divided by the total credits earned for the G.P.A. This can be done by grading period, semester, year, or for a series of school years.

LAUDE SYSTEM

The Laude System replaces the class rank system. It allows us to recognize and encourage students to take appropriate courses that will better prepare them for the future. This system is a point based system that gets combined with a student's GPA, under our normal grading scale. This system rewards a student for **completing** designated rigorous courses and will earn the student 1.5 honor points (any AP course, year-long or semester), 1 honor point (year-long courses) or .5 honor point (semester courses) for taking these designated courses.

To qualify for Cum Laude or Higher: The student must minimally have a 3.4 cumulative grade point average and have earned a minimum of 20 Laude points. Once students meet these requirements they will earn one of the following distinctions:

Cum Laude (With honor/distinction), 20 – 34.99 honor points

Magna Cum Laude (With great honor/distinction), 35 – 49.99 honor points

Summa Cum Laude (With highest honor/distinction), 50 honor points or more

**Academic Excellence Scholarship: Refer to language spelled out in Board Policy 460*

GRADING PERIODS

Report Cards: At the end of each semester, students receive report cards containing their final semester grades in all of their courses. The grades on the semester report card become a part of each student's permanent record.

At the end of the nine-week period a report card indicating quarterly grades is issued. This quarterly grade is a progress report to give students, parents, and the counselor an idea of the student's work at that point. The quarterly grade is not an official grade. It does not appear on any official record and in no way affects credits, average, or rank in class.

Parent / Teacher Conferences: Parent/teacher conferences will be held for the purpose of evaluation of student progress in school. Parents/guardians are encouraged to communicate with staff members at any time throughout the school year concerning their child's progress. Any time a parent wishes to see his/her child's records or confer with a teacher they should make an appointment through the High School office.

PROMOTION, PLACEMENT, AND RETENTION

Grades 5K-8 Level

Criteria: To be promoted all students in grades 3-8 must demonstrate adequate progress in core subject areas. Literacy and numeracy are the foundation of all core subjects. To that end, adequate progress will be determined by end-of-year report card standard scores for core

academic subjects at a score of “S” in grades one and two or a "D" or higher in grades three through eight. If adequate progress is not evident, based on the report card scores, multiple measures may be used to compile a complete student learning profile for promotion consideration.

The multiple measures to consider may include, but are not limited to:

- A. Wisconsin School Assessment System Examination scores
- B. Response to Intervention/Instruction documentation
- C. Local assessments
- D. Teacher recommendations
- E. Demonstrate adequate progress toward attainment of annual goals specified in the Individualized Education Plan (IEP), Section 504 Plans, or English Development Learning Plan (EDLP) as documented by the staff serving the student.

High School Level

Student placement criteria are as follows:

- A. 1st year of high school attendance or the credit equivalent are placed in 9th grade
- B. 2nd year of high school attendance or the credit equivalent are placed in 10th grade
- C. 3rd year of high school attendance or the credit equivalent are placed in 11th grade
- D. 4th year of high school attendance or the credit equivalent are placed in 12th grade

Remediation Opportunities

School personnel shall make a concerted and repeated effort throughout the school year to notify the parents of students who are at-risk of not meeting grade-level expectations and thus, may not be eligible for promotion. Opportunities to support student learning will be suggested and encouraged. In this way, students, with the support of their parents, can take full advantage of Response to Intervention/Instruction (RTI) time, Summer School, or other remediation learning opportunities for the purpose of meeting the grade-level criteria as described above to be eligible for promotion.

Referral shall be based on failing grades at the middle of the first quarter.

- The BCT (Building Consultation Team) shall meet to problem-solve the relevant behavior and educational issues regarding the student and implement strategies to help the student improve his/her failing grades or performance. The student's grades or performance shall be monitored throughout the second quarter by the SAT BCT. An educational assessment may be completed upon recommendation of the SAT BCT. The student's parents/guardians shall be notified.
- If, at the end of the first semester, the student continues to receive less than an “S” for grades one and two or a “D” or less in core area subjects, the BCT will review and revise the previous plan and implement new strategies to help improve the student's failing grades or performance. An educational assessment shall be completed unless this was already done during the second quarter of the school year. The student's parents/guardians shall be notified.
- The BCT shall monitor student progress bi-weekly during the third quarter. The BCT will make a promotion or retention recommendation to the building principal by the end of third quarter. The student's parents/guardians will be kept informed of student progress and the preliminary recommendation. The district administrator shall be informed.
- Final determination of a retention, promotion, or promotion conditioned on a remediation plan shall be made by the building principal and reported to the district administrator and be based, in part, on the 4th quarter mid-term grades or

performance. The principal shall provide a written notice of the decision to the parents/guardians at least 4 weeks before the end of the school year.

Appeal Process

Parents of the student recommended for retention may appeal to the District Administrator or designee. Such appeals should be filed in writing no later than five (5) days after receiving the official letter of retention. The appeal petition must include reasons why the parent/guardian believes the student should be promoted. The District Administrator or designee shall respond with a decision in writing fifteen (15) days after receipt of the appeal.

The following number of earned credits designates the grade in which the student will be registered:

Freshman 0 to 8 Credits
Sophomore 9 Credits to 16 Credits
Junior 17 Credits to 25 Credits
Senior 26 Credits or more

 - A. correspondence/online school such courses must be evaluated and approved by the high school principal in order to apply toward the high school diploma.
 - B. accredited college/technical college. Course work taken at a college/technical college will be approved and credits earned apply toward a high school diploma if:
 1. The college/technical college course is not a duplicate of a high school course.
 2. If the course is a logical next step course in subject sequence and is not offered in any form by the high school.

The principal shall determine whether a student has satisfied the criteria in this policy. A student may be denied participation in graduation activities for disciplinary reasons.

YOUTH/COURSE OPTIONS & KSKADE PROGRAM

Youth Options-- Wisconsin's Youth Options program allows public high school juniors and seniors who meet certain requirements to take post-secondary courses at a UW institution; A Wisconsin technical college or one of the state's participating private non-profit institutions of higher education. Approved courses can count toward high school graduation as well as for college credit.

This program opens the door for greater learning opportunities for motivated students who are considering a technical career, students wishing to start college early, or students who want to prepare themselves to enter the workforce immediately after high school graduation.

Parents/Guardians are responsible for satisfactory student attendance and transportation to and from the postsecondary institution. Students will be required to reimburse the school district for tuition and *fees* if the student drops or fails the course.

Students wishing to participate in the Youth Options Program should contact the Guidance Office. Students must be registered for the program by September 30th if they wish to enroll for the spring semester and March 1st if they wish to enroll for the following fall semester. Information sheets are also available in the Guidance Office. Students must have a 2.5 GPA to apply.

Course Options: Through Course Options, students across the state will have new opportunities to accelerate their learning and earn college credits while in high school. For example, students could take advantage of unique courses offered by a neighboring school district or earn dual credit for courses offered by a university or technical college. It will also create opportunities for high schools to build or expand their own concurrent enrollment or transcribed credit programs in partnership with local institutions of higher education at no cost to the student. (Wis. state government is currently debating the elimination of this program.)

Specifically, the new Course Options law allows a pupil enrolled in a public school to take up to two courses at any time from an educational institution.

KSCADE These course offerings change each year. The courses offered are updated in the spring of the year. Courses taken through a technical college or a university are subject to approval through Youth Options, are open only to juniors and seniors and require a minimum of a 2.5 GPA.

CAPP courses offered through KSCADE are charged the fee determined by the University System Board of Regents. This varies from year to year. Students who drop a KSCADE class before the third Friday of the semester will be responsible for paying half of the tuition fee. Students who drop a KSCADE class after the third Friday of the semester or who fail the course will pay the full tuition for the course.

Any interested student should contact Debra Weisert, (920) 596-5802 school counselor to obtain the necessary information. **OPTIONS**

The Board of Education will provide students enrolled in the District with the ability to take up to two (2) courses at any given time through one or more other educational institutions, including in a non-resident public school district, the University of Wisconsin system institution, a technical college, a nonprofit higher education institution, a tribal college, a charter school, and any other nonprofit organization approved by the Department of Public Instruction.

RECOGNITION OF STUDENT ACHIEVEMENT

Students shall not access social media for personal use from the District's network but shall be permitted to access social media for educational use in accordance with their teacher's approved plan for such use.

STUDENT ASSESSMENT

To measure student progress, students will be tested in accordance with State standards and District policy.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the guidance staff.

- If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services.

Depending on the type of testing, specific information and/or parent consent may need to be obtained. The assessment program will not violate the rights of consent and privacy of a student participating in any form of evaluation.

College entrance testing information can be obtained from the Guidance office.

Non-school-sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the Principal. The application must verify that the activity is being initiated by students, attendance is voluntary, **no school staff person is actively involved in the event**, the event will not interfere with school activities, and non-school persons do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate.

Membership in any fraternity, sorority, or any other secret society as proscribed by law is not permitted. All groups must comply with school rules and must provide equal opportunity to participate.

No non-district-sponsored organization may use the name of the school or the school mascot.

SCHOOL SPONSORED PUBLICATIONS AND PRODUCTIONS

The Board of Education sponsors student publications and productions as a means by which students learn, under adult direction/supervision, the rights and responsibilities inherent when engaging in the public expression of ideas and information in our democratic society.

STUDENT EMPLOYMENT

The school does not encourage students to take jobs outside of school that could interfere with their success in the academic program. If a student believes that s/he must maintain a job in addition to going to school s/he must first make contact with his/her counselor to discuss any legal requirements and obtain any needed documents.

SECTION IV - STUDENT CONDUCT

ATTENDANCE

The school requires all students to attend school regularly in accordance with the laws of Wisconsin. The school's educational program is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the guidance of a competent teacher are vital to this purpose.

Compulsory Student Attendance

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays exempted, that the school is in session. All students must attend until the end of the term, quarter or semester of the school year in which the child becomes eighteen (18) years of age unless they fall under an exception outlined in the District's Administrative Guidelines. A child who is enrolled in five (5) year-old kindergarten shall attend school regularly, religious holidays exempted, during the full period and hours that kindergarten is in session until the end of the school term.

- Attendance is also defined as participation in the various forms of distance learning including videoconference, satellite, Internet or other electronic information and telecommunications technologies.

Excuse for Absence

A parent of a student who is absent shall provide a written, dated, signed statement indicating the reason for and the time period of the absence. This statement shall be submitted prior to the absence if the absence is foreseeable. If the absence is not foreseeable, the statement must be provided prior to the student's readmission to school. The statement shall be submitted to the School Attendance Officer and filed in the student's school record. The District reserves the right to verify statements and investigate absences from school.

Excused Absences

A student shall be excused from school for the following reasons:

Physical or Mental Condition

The student is temporarily not in proper physical or mental condition to attend a school program. If the absence exceeds 5 days, the inability of the student to attend school due to a physical or mental condition must be certified in writing by a licensed physician, dentist, chiropractor, optometrist or psychologist or Christian Science practitioner living and residing in Wisconsin, who is listed in the Christian Science Journal. The time period for which the certification is valid may not exceed thirty [30] days.

Obtaining Religious Instruction

Students may wish to obtain religious instruction outside the school during the required school period. The time period or periods of absence shall be determined by the Principal. Such absences must be at least 60 minutes but not more than 180 minutes per week. Requests for absence under this paragraph shall be denied if the student fails to attend religious instruction after requesting to be absent from his or her regular school. The supervisor of such religious instruction shall report monthly, to the principal of the school regularly attended, the names of the students who

attended such weekly religious instruction. **See Policy 5223 - Religious Instruction for further details.**

Permission of Parent or Guardian

The student may be excused by his or her parent or guardian before the absence for any or no reason. A student may not be excused for more than ten (10) days under this paragraph and must complete any course work missed during the absence. Examples of reasons for being absent that should be counted under this paragraph include, but are not limited to, the following:

- professional and other necessary appointments (e.g., medical, dental, and legal) that cannot be scheduled outside the school day
- to attend the funeral of a relative
- legal proceedings that require the student's presence
- college visits
- job fairs
- vacations

Parents are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the principal and the student's teacher(s) to make necessary arrangements.

Religious Holiday

The student wishes to observe a religious holiday consistent with the student's creed or belief.

Suspension or Expulsion

The student has been suspended or expelled.

Program or Curriculum Modification

Students may be excused from regular school attendance to participate in a program or curriculum modification leading to high school graduation or a high school equivalency diploma as provided by State law.

High School Equivalency – Secured Facilities

A student may be excused from regular school attendance to participate in a program leading to a high school equivalency diploma in a secured correctional facility, a secured child caring institution, a secure detention facility, or a juvenile portion of a county jail. The student and his/her parent or guardian must agree that the student will continue to participate in such a program.

Child at Risk

The student is a "child at risk" as defined under State law and is participating in a program at a technical college on either a part-time or full-time basis leading to high school graduation, as provided under State law.

A student may be excused from school, as determined by the School Attendance Officer, for the following reasons:

- Quarantine: Quarantine of the student's home by a public health officer.

- Illness of an Immediate Family Member
- Emergency: An emergency that requires the student to be absent because of family responsibilities or other appropriate reasons.

Work at Home Due to Absence of Parents: To work at home due to the absence of the student's parents. Absences under this section shall not exceed _____ days nor be granted to any student younger than _____ years of age.

Truancy

A student will be considered truant if he or she is absent part or all of one or more days from school during which the School Attendance Officer, principal, or a teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent student. A student will also be considered truant if he or she has been absent intermittently for the purpose of defeating the intent of the Wisconsin Compulsory Attendance statute – Sec. 118.15, Wis. Stat.

When a student is truant, the School Attendance Officer shall ensure that all applicable provisions of the District's Truancy Plan are carried out.

Unexcused Absences

Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter. The principal will determine on a case-by-case basis the appropriate methods to deal with unexcused absences.

Approved Absences: Personal illnesses, a death in the family, religious holidays, or extreme emergencies are acceptable reasons for an absence. A **valid** excuse written by a parent/guardian must be presented to the office upon return to school, or a phone call from a parent/guardian on the day of absence, documenting the reason for the absence must be made to the school office. For a definition of a "**valid**" excuse, see the following examples:

Examples of Unexcused Absences:

Oversleeping
 Stayed home to finish homework
 Working
 Missing the bus/car wouldn't start
 Job hunting
 Shopping/haircut/pictures
 Leaving school without permission

Habitual Truancy

A student is considered a habitual truant if he or she is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a school semester. When a student initially becomes a habitual truant, the School Attendance Officer shall ensure that all applicable provisions of the Districts' Truancy Plan are carried out.

Parent/Guardian Responsibilities

It is the responsibility of the student's parent or guardian to ensure that their child attends school regularly. Parents are expected to provide an excuse for all absences.

Student Responsibilities.

Students are required to attend all classes and other school activities on their daily schedule, unless they have been excused from school.

Students Leaving School During the School Day

Closed Campus: LW JR/SR HS operates under a closed campus policy.

- **Only Juniors and Seniors with 2.75 GPA are allowed to leave campus during the lunch hour.**

Students leaving for lunch must sign-out and back in again in office. Work release is only excused if the proper application has been made through the school administration and students are enrolled in the work study program. Students who violate the release rules will be disciplined accordingly. Students who have lost release privileges will not be released during lunch hour without proof of medical appointment.

No staff member shall permit or cause any student to leave school prior to the regular hour of dismissal except with the knowledge and approval of the principal and with the knowledge and approval of the student's parents.

No student will be released to any government agency without proper warrant or written parental permission except in the event of an emergency as determined by principal.

Notification: When a student's attendance for the day is unexcused, contact will be made to the parent/guardian. A message may be left on an answering machine. The parent/guardian will then have 2 days to notify the school office, either by phone or written note, stating if the absence is excused and the reason for the absence. If after 2 days the office has not received notification for the unexcused absence, the student then becomes truant and will be referred to administration for disciplinary action.

Make-Up Course Work and Examinations (The selection must match Policy 5200)

Option 1

A student whose absence from school was excused or unexcused shall be permitted to make-up course work and examinations missed during the absence when they return to school. It is the student's responsibility to contact his or her teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examination. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence, unless extended by the principal based upon extenuating circumstances.

Unexcused Absences

Credit in a course or subject shall not be denied solely because of a student's unexcused absence from school.

A student whose absence from school was unexcused shall be permitted to make-up course work and quarterly, semester or grading period examinations missed during the absence if the student is at risk of receiving no credit in a course or subject if the work is not made up.

Subject to the immediately preceding two paragraphs, credit may, but is not required to be given for the completion of make-up work. Further, credit for make-up work may be given only after the student has satisfied consequences imposed for

unexcused absences. The extent to which make-up credit is given shall be determined on a case-by-case basis by the principal and the respective teachers.

If make-up work is allowed, it is the student's responsibility to contact his or her teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be determined by the instructor, unless extended by the principal based upon extenuating circumstances.

TARDINESS

- a. Students who are not in their homeroom or in class when the late bell rings are considered tardy.
- b. Students who attend any part of the class shall be recorded as present.
- c. High School/Middle School. All students who are tardy to school must report to the principal's office to sign in.
- d. When a teacher detains a student after class, s/he shall issue a late pass for the student's next class.

Teachers are requested to refer cases of chronic tardiness to the principal.

When a High School/Middle School student has been tardy to homeroom or to a class on 5 occasions, **(a) (an) (in-school)** will be assigned by the principal. An additional detention is to be assigned for every 3 tardies thereafter. After 10 tardies in a quarter, a student will be suspended for 1 day.

STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build School spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending evening events as nonparticipants are properly safe-guarded, it is strongly advised that students be accompanied by a parent or adult chaperone when they attend the event.

- The school will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.
- The school will continue to provide adequate supervision for all students who are participants in a school activity.

Such reports must be made within ninety (90) days of said violation. A confidential complaint will be investigated to the extent possible.

Violation of Training Rules

Athletic Activities:

- Second Offense: suspension from 50% of the contests in the present season or a minimum of five (5) contests.
- Third and subsequent offenses: suspension from all activities for one (1) calendar year.

- The above co-curricular rules/violations will pertain to all athletes in grades seventh through twelve. Offenses stay with the student throughout their years in Jr. High and **then start fresh in High School.** The slate is not wiped clean by ignoring or not serving a suspension or entering into the next grade.

Listed below is the number of contests students would have to sit out if they violated the co-curricular activities rules. There will be a twenty-five percent (25%) penalty for the first violation, fifty percent (50%) for second violations, and one-calendar year (1) suspension for third and subsequent violations.

Number of Contests	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22
Percentage	Number of Contests Penalized																					
*25%	1	1	1	1	1	1	1	2	2	2	2	3	3	3	3	4	4	4	4	5	5	5
*50%	1	1	1	2	3	3	3	4	4	5	5	6	6	7	7	8	8	9	9	10	10	10

- All fractions of percentages have been rounded down to the next full number. Any enforcement of individual or multi-game/meet date will be considered as individual games scheduled. Other types of tournaments, when not individual or dual tournaments will count as one game or meet scheduled.
- Teams that automatically qualify for Regional competition are counted in the total number of competitions.

Completion of Suspension

Any remaining percentage of the suspension not served during the initial sports season shall be applied toward the season of the next sport in which the athlete participates (for example, if an athlete is suspended for a percentage of football games with less than the percentage remaining in the season, he/she will be suspended from a percentage of contests of the next sport in which he/she competes) A suspension will need to be repeated if a student who is on suspension for part of the season does not complete the season of his/her sport or activity. Students who are fulfilling a current suspension, must have 100% attendance and complete the sport in order for the suspension to be satisfied.

Non-Athletic Activities

- Other co-curricular students will follow suspensions specific to the activities they're involved with during the school year.
- For those activities with limited scheduled events, a violation could result in exclusion from that activity. Administrative discretion regarding specific penalties

may have to be applied to those situations where students are participating in only one event.

Athletic & Non-Athletic Activities

- Any student, who in good faith, refer themselves or parents who refer their son or daughter for violations of the co-curricular rules may have their penalty reduced by one (1) event/contest if deemed appropriate by the building administrator or athletic director.

The Appeal Board will consist of the Athletic Director, co-curricular advisor, and two faculty members not directly involved with the individual students co-curricular activities. Disciplinary action administered for academic reasons will not be heard in appeal. The Appeal Board will be selected by the building principal. The right to appeal will not serve as a pardon for participation purposes.

Sportsmanship

Academic Eligibility

Eligibility requirements will begin with the initial enrollment in the first co-curricular activity. In order to be academically eligible for co-curricular activities, a student must meet all the District and DPI requirements defining a full-time student. Additionally, each student must have passed or be currently passing all classes as stated in the following academic requirements:

- Athletes who receive an “F” at the conclusion of a midterm or nine-week grading period will be ineligible to participate in 25% of the total games or appearances of that sport or activity’s full season. If the suspension is not completed in the current sport/activity, the remainder of the suspension will be carried over into the next athletic sport or activity in that grade period. The athlete will be placed on academic probation until midterm grades are posted or the day the suspension ends and grades are all passing. The athlete will not be allowed to leave school early for any event in that sport until all grades are passing.
- Athletes who receive two “F’s” at the conclusion of a midterm or nine-week grading period will be ineligible to participate in 50% of the total games or appearances of that sport or activity’s full season. If the suspension is not completed in the current sport/activity, the remainder of the suspension will be carried over into the next athletic sport or activity in that grade period. The athlete will not be allowed to leave school early for any event in that sport until all grades are passing.
- Athletes who receive three or more “F’s” during a nine-week grading period will be ineligible to participate in all games or appearances of that sport for the entire 9 week grading period. This does not prohibit an athlete from practicing or assisting with the activity, with the coach’s approval. If the athlete is in mid-season, the consequence will move forward into the next athletic season to fulfill the 9 week rule. The athlete will not be allowed to leave school early for any event in that sport until all grades are passing.
- An athlete who is enrolled in any state-approved Exceptional Educational Needs program, and who receives no usual grades for such courses, may be eligible if he/she is making satisfactory progress in his/her total school program as indicated by his/her IEP.
- All athletes must be enrolled in block classes, which will result in earning 7 credits per academic year to be eligible for co-curricular participation the following year.
- Athletes who attend summer school for remediation, must receive the grade of “pass” to be eligible for any failure infraction and penalty. See the rules stated above as they apply.

Attendance: (Athletic & Non-Athletic Activities)

A student must be in attendance by noon to participate in any co-curricular events. Exceptions to this are excused school-related activities and appointments that are approved in advance by Administration and/or a written doctor’s excuse.

- **(Exception: acceptable absences as they fall under Wisconsin State Statute 118 regarding compulsory education)**
- If a student is truant from an assigned class period or is displaying a pattern of habitual tardiness to a specific class, he/she will be referred to the principal and will not be allowed to compete until the situation is resolved.

Students may not compete, perform, practice or attend on days of an out-of-school suspension.

- Students suspended from co-curricular activities are expected to remain as part of the team or group. Due to the diversity of co-curricular activities, it will be up to the advisor or coach to determine what level of involvement the student will have in the group and whether or not the student will be required to attend all contests and activities. Members of athletic teams are required to attend all practices and be non-participants during the time of their suspension.
- Students with five (5) or more unexcused absences within a quarter will be suspended from competition until a conference with parents/guardian and building principal, athletic director and/or advisor can be held to resolve the attendance problem.

The injury must also be reported immediately to the office by the coach or advisor for insurance purposes. The report should be handed into the high school office.
3. It is the policy of W.I.A.A. and the School District of Manawa to have a medical release from a medical physician following any severe injury.
4. All head injuries severe enough to have received medical treatment require a medical release from a medical physician before the athlete may return to any practice or competition. (Please refer to the W.I.A.A. for further requirements for head injuries/concussions).

Care of Equipment

1. Each student/athlete is responsible for the proper care and safekeeping of equipment issued to him/her. Lockers should be securely locked during and after every practice/game/event.
2. Equipment issued to a student/athlete shall be the responsibility of that individual. These individuals shall pay for any equipment not returned at the current replacement cost.

Changing a Sport/Activity

A student/athlete may not quit one sport/activity and begin another during the same season without the consent of both head coaches/advisors involved in the change and permission from the athletic director, advisor and principal. Any disciplinary actions that are in place will remain in place in the new activity.

Athletic Awards (Athletic Activities)

Pre-Season Meeting

This Student Handbook shall be distributed to each student during a mandatory pre-season meeting and/or the first day that he/she reports for a co-curricular activity. Physical card, Emergency Form, Concussion Form and Athletic Fee information shall be distributed at this time as well. Parental attendance at pre-season meetings is required and involvement throughout the season is encouraged. If a parent cannot attend they are required to check out or view the presentation either on DVD or online if available.

Sportsmanship

All students and parents are required to practice good sportsmanship during all school related events. Poor sportsmanship may result in the removal from sporting events.

DRESS CODE

We take pride in the appearance of our students. All students are expected to dress and groom themselves neatly in clothing that is seasonably suitable for school activities. Students wearing inappropriate clothing, such as but not limited to: clothing with alcohol/tobacco reference, inappropriate slogans and suggestive in nature may be asked to return home to make necessary changes.

- Clothing must cover all undergarments. Shorts, skirts and dresses must reach fingertip in length.
- There will be no midriff showing, no low cut tops, spaghetti straps, or strapless garments worn.
- Straps on tank tops must be at least 2 inches wide.
- Hats, caps, headwear, jackets/coats, bulky outerwear, backpacks, large chains, jewelry with sharp objects, low riding pants, etc., are not allowed to be worn in the school.

Reporting Concerns:

There will be a common check time during announcements at 7:45 for teachers to check if there are any students that are in violation of this policy. Anyone in violation will be sent to the office to meet with the principal.

Consequences of clothing issues:

- **First Occurrence:** Student will be asked to correct the problem by changing clothes, turning a shirt inside out, putting on shoes, etc., and a parent will be notified by telephone, E-mail, or letter.
- **Second Occurrence:** Student will be asked to correct the problem by changing clothes, turning a shirt inside out, putting on shoes, etc., and a parent will be notified by phone call and a parent meeting will be set up with the building principal.
- **Third occurrence:** In-school suspension
- **Additional occurrences:** Out-of-school suspension and a parent meeting with administration.

Students may be denied admission to school events and activities if their clothing violates the dress code.

Students who are representing our school at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

CARE OF PROPERTY

Students are responsible for the care of their own personal property. The school will not be responsible for the loss of personal property. Valuables such as jewelry or irreplaceable items should not be brought to School. The school may confiscate such items and return them to the student's parents.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student or his/her parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Code of Conduct.

STUDENT CONDUCT

The Board of Education has adopted the following Student Code of Conduct. The Code includes the types of behavior that will subject a student to disciplinary action. It is important to remember that the school's rules apply at school, on school property, at school-sponsored events, and on school transportation.

It is the school staff's responsibility to provide a safe and orderly learning environment. History has shown that certain student actions are not compatible with the words "safe" and "orderly". Discipline is within the sound discretion of the school's staff and administration. Disciplinary action will be decided on a case by case basis and imposed only after review of the facts and/or special circumstances of the situation.

Each of the behaviors described below may subject the student to disciplinary action including, but not limited to, suspension and/or expulsion from school.

1. Possession or use of a weapon or look-alike or other item that might cause bodily harm to persons.
2. Being under the influence of alcohol or controlled substances or otherwise violating the District alcohol and drug policy.

9. Restricting another person's freedom to properly utilize classroom facilities or equipment.
10. Repeated classroom interruptions, confronting staff argumentatively, making loud noises, or refusing to follow directions.

DRUG ABUSE PREVENTION

The administration and staff recognize that the misuse of drugs is a serious problem with legal, physical, and social implications for the entire school community.

- As the educational institution of this community, the schools should strive to prevent drug abuse and help drug abusers by educational, rather than punitive, means.

For purposes of this policy, "drugs" shall mean:

- All dangerous controlled substances as so designated and prohibited by Wisconsin statute;
- All chemicals which release toxic vapors;
- All alcoholic beverages;
- Any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- "Look-alikes":
- Anabolic steroids;
- Any other illegal substances so designated and prohibited by law.

The use, possession, concealment, or distribution of any drug, drug look-alike and any drug-paraphernalia at any time on school property or at any school-related event is prohibited. Disciplinary sanctions, up to and including expulsion and referral for prosecution, will be imposed on students who violate the school's drug abuse guidelines.

USE OF TOBACCO IS PROHIBITED

The Board of Education is committed to providing students, staff, and visitors with a tobacco and smoke-free environment. The negative health effects of tobacco use for both users and non-users, particularly in connection with second hand smoke, are well-established. In addition, students less than eighteen (18) years of age are generally prohibited by law from purchasing or possessing cigarettes and other tobacco products.

For purposes of this policy, "use of tobacco" means to chew or maintain any substance containing tobacco, including smokeless tobacco, in the mouth to derive the effects of tobacco, as well as all uses of tobacco, including cigars, cigarettes, pipe tobacco, chewing tobacco, snuff, any other matter or substances that contain tobacco, in addition to papers used to roll cigarettes and/or the smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes and any other lighted smoking devices for burning tobacco or any other substance. Accordingly, the Board prohibits students from using or possessing tobacco in any form on District premises, in District vehicles, within any facility owned or while leased or contracted for by the District and used to provide education or library services to children, and at all District-sponsored events.

STUDENT CODE OF CLASSROOM CONDUCT

The School District of Manawa is committed to maintaining an orderly and safe academic atmosphere. Teachers are expected to create a positive learning environment and to maintain proper order in the classroom. Students are expected to behave in the classroom in a manner that allows teachers to effectively carry out their lessons and allows students to participate in classroom learning activities. Students are also expected to abide by all rules of behavior established by the School and their classroom teachers.

To ensure adherence to these expectations and principles, the Board of Education has adopted this Code of Classroom Conduct, which applies to all students.

GROUND FOR REMOVAL OF A STUDENT FROM CLASS

Disturbances that interrupt the learning process cannot be permitted by any teacher. A teacher may temporarily remove a student from the teacher's class if the student violates the Code of Classroom Conduct. Additionally, the student may be removed from the class for a longer period of time within the discretion of the principal. A student removed from class may also be placed in an alternative education setting.

Removal of a student from class for violating the Code of Classroom Conduct or placement of the student in an alternative educational setting does not prohibit the School from further disciplining the student for the conduct that caused removal or placement including, but not limited to, suspending or expelling the student.

It is neither possible nor necessary to specify every type of improper or inappropriate behavior for which a teacher may remove a student from class. Provided below, however, are examples of reasons a student may be removed from class. A teacher may remove a student from class for conduct or behavior that:

- A. Would result in suspension or expulsion under the Board's policies and procedures;
- B. Violates the behavioral rules and expectations of the school;

 1. Possession or use of a weapon or look-alike or other item that might cause bodily harm to persons in the classroom

 3. Behavior that interferes with a person's work or school performance or creates an intimidating, hostile, harassing, or offensive classroom environment
 4. Arguing, taunting, baiting, inciting or encouraging an argument or disruption or group posturing to provoke altercations or confrontations
 5. Disruption or intimidation caused by gang or group symbols or gestures, or gang or group posturing to provoke altercations or confrontations
 6. Pushing, striking, or other inappropriate physical contact with a student or staff member
 7. Interfering with the orderly operation of the classroom by using, threatening to use or counseling others to use violence, force, coercion, threats, intimidation, fear, or disruptive means

8. Dressing or grooming in a manner that presents a danger to health or safety, causes interference with work, or creates classroom disorder
 9. Restricting another person's freedom to properly utilize classroom facilities or equipment

 14. Willful damage to or theft of school property or the property of others

1. Repeated reporting to class without bringing necessary materials to participate in class activities
 2. Possession of personal property by school rules or otherwise disruptive to the teaching and learning of others
- E Shows disrespect or defiance of the teacher, exhibited in words, gestures or other behavior;
- F. Is inconsistent with class decorum and the ability of others to learn. Such behavior includes, but is not limited to, sleeping in class, blatant inattention, or other overt or passive refusal or inability to engage in class activities.

PROCEDURE FOR STUDENT REMOVAL FROM CLASS

When a student is removed from class, the teacher shall send or escort the student to the principal and inform the principal of the reason for the student's removal from class. The teacher shall provide the principal with a written explanation of the reasons for the removal of the student within twenty-four (24) hours of the student's removal from class.

The principal will generally give the student an opportunity to briefly explain the situation. The principal shall then determine the appropriate educational placement for the student.

Student Placement

The principal shall place the student, who has been removed from a class by a teacher, in one of the following alternative educational settings:

- A. An alternative education program approved by the Board under State law;
- B. Another instructional setting, time-out, in-school suspension or out-of-school suspension; or
- C. The class from which the student was removed if, after weighing the interests of the student, the other students in the class, and the teacher, the principal determines that readmission to the class is the best or only alternative.

Parent/Guardian Notification Procedures

The principal shall provide the parent or guardian of a student removed from class-with written notice of the removal and the reason(s) for the removal. The notification shall be made as soon as practicable, but no later than two (2) school days after the student's removal from class. The notice shall also include the reasons for the student's removal and the placement made by the principal. If the removal from class and change of educational placement involves a student with a disability, the parent notification shall be made consistent with State and Federal laws and regulations applicable to disabled students.

If the student removed from a class is subject to disciplinary action up to and including suspension or expulsion for the particular classroom conduct and/or other disciplinary incidents the parent shall also be notified of the disciplinary action in accordance with legal and policy requirements.

Students with Disabilities

A student with a disability under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act, and Section 115.758, Wis. Stat. may be removed from class and placed in an alternative educational setting only to the extent authorized under the laws.

Definitions

"Student" means any student enrolled in the District, an exchange student, or a student visitor to the District's schools.

"Teacher" means a person holding a license or permit issued by the State Superintendent whose employment by a school district requires that he or she hold that license or permit.

"Class" or "classroom" means any class, meeting or activity which students attend, or in which they participate while in school under the control or direction of the District. This definition of "class" includes, without limitation, regular classes, special classes, resource room sessions, labs, library time, counseling groups, assemblies, study halls, lunch, or recess. "Class" also includes regularly scheduled District-sponsored extracurricular activities, either during or outside of school hours. Such activities include, by example and without limitation, District sponsored field trips, after-school clubs, and sporting activities.

OTHER FORMS OF DISCIPLINE

It is important to remember that the school's rules apply at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the Principal's responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Informal Discipline

Informal discipline takes place within the school. It includes:

- Change of seating or location;
- Lunch-time & after-school detention;
- In-school restriction

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents one day's notice. The student or his/her parents are responsible for transportation.

In-School Discipline

The following rules shall apply to In-School Restriction.

- Students are required to have class assignments with them.
- Students are not to communicate with each other unless given special permission to do so.
- Students are to remain in their designated seats at all times unless permission is granted to do otherwise.
- Students shall not be allowed to put their heads down or sleep.
- No radios, cell phones, personal gaming/music devices, cards, magazines, or other recreational articles shall be allowed in the room.
- No food or beverages shall be consumed.

SUSPENSION AND EXPULSION

A. Suspension

1. Duration and Grounds for Suspension

The principal or a person designated by the principal may suspend a student for up to five (5) school days or, if a notice of expulsion hearing has been sent, for up to fifteen (15) consecutive school days or ten (10) consecutive school days if the student is eligible for special education services under Chapter 115, Wis. Stats., if the suspension is reasonably justified and based upon any of the following misconduct:

- a. Noncompliance with school or School Board rules;
- b. Knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives;
- c. Conduct by the student while at school or while under the supervision of a school authority that endangers the property, health or safety of others;
- d. Conduct while not at school or while not under the supervision of a school authority that endangers the property, health or safety of others at school or under the supervision of a school authority;
- e. Conduct while not at school or while not under the supervision of a school authority that endangers the property, health or safety of any employee or School Board member of the school district in which the student is enrolled.
- f. Under paragraphs c, d, and e above, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The District Administrator, or any principal or teacher designated by the District Administrator shall suspend a student if the student possessed a

firearm while at school or while under the supervision of a school authority.

The suspension period applies to “school days.” Thus, a suspension period does not include weekend days or vacation days.

2. **Suspension Procedure**

Prior to being suspended, on the day of the alleged infraction or as soon thereafter as is practicable, the student will be advised orally or in writing of the reason for the proposed suspension and given an opportunity to explain his or her conduct.

The principal, within his or her discretion, may also inform the student’s parents or guardian of the reason for the proposed suspension prior to suspending the student.

3. **Notice of Suspension**

The parent or guardian of a suspended minor student shall be given prompt written notice of the suspension and the reason for the suspension by mail and by sending a copy of the notice home with the student. Oral notice may also be given to the student’s parent or guardian; however, it will be confirmed in writing.

4. **Sending a Student Home on the day of the Suspension**

Generally, the student should remain in school on the day of the suspension until school is dismissed for the day. Except as provided below:

- If the situation requires that the student be removed from the premises before school is dismissed, the principal shall attempt to contact the student’s parent or guardian to request that s/he pick up the student. If the parent/guardian is unable to pick up the student, the student should remain under the school’s supervision until school is dismissed, or in the event law enforcement is involved, under law enforcement supervision.

5. **Opportunity to Complete School Work**

A suspended student shall not be denied the opportunity to take any quarterly, semester or grading period examinations or to complete course work missed during the suspension period. Such work shall be completed pursuant to the procedures established by the School Board.

6. **Reference to the Suspension in the Student’s Record**

The student’s suspension from school shall be entered in the student’s record as required by the rules adopted by the School Board concerning the content of student records.

The suspended student or the student's parent or guardian may, within five (5) school days following the commencement of the suspension, have a conference with the District Administrator or his or her designee, who shall be someone other than a principal, administrator or teacher in the

suspended student's school, to discuss removing reference to the suspension from the student's records.

Reference to the suspension in the student's school record shall be removed if the District Administrator finds that:

- The student was suspended unfairly or unjustly;
- The suspension was inappropriate, given the nature of the alleged offense; or
- The student suffered undue consequences or penalties as a result of the suspension.

The District Administrator, or the administrator's designee, shall make his or her finding within fifteen (15) days of the conference.

7. **Co-Curricular or Extra-Curricular Participation**

A student's participation in co-curricular or extra-curricular activities during a suspension shall be determined on a case-by-case basis.

B. **Expulsion**

1. **Grounds for Expulsion**

The School Board may expel a student only when it is satisfied that the interest of the school demands the student's expulsion and it finds that the student:

- Repeatedly refused or neglected to obey the rules established by the School District;
- Knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives;
- Engaged in conduct while at school or while under the supervision of a school authority that endangered the property, health or safety of others;
- Engaged in conduct while not at school or while not under the supervision of a school authority that endangered the property, health or safety of others at school or under the supervision of a school authority or endangered the property, health or safety of any employee or School Board member of the School District in which the student is enrolled; or
- Was at least sixteen (16) years old and had repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct did not otherwise constitute grounds for expulsion.

Under this section, conduct that endangers a person or property includes threatening the health or safety of a person or threatening to damage property.

2. **Expulsion for Bringing a Firearm to School**

The School Board shall expel a student from school for not less than one (1) year whenever it finds that the student brought a firearm to school or, while at school or while under the supervision of a school authority, possessed a firearm, unless the Board finds that the punishment should be reduced based upon the circumstances of the incident. Any such finding by the Board shall be in writing.

3. **Expulsion Hearing**

Prior to expelling a student, the School Board shall provide the student with a hearing. Prior written notice of the expulsion hearing must be sent separately both to the student and his/her parent(s) or guardian(s) if the student is a minor; otherwise just to the student. The notice will comply with the requirements of State law.

The student, or the student's parent if the student is a minor, has the right to request a closed hearing or the Board may choose to close the hearing. The student and, if the student is a minor, the student's parent or guardian may be represented at the hearing by counsel.

4. **Expulsion Order**

The Board shall reduce its decision to writing in the form of a written order. If expulsion is ordered, the order must state the length of time that the student is to be expelled. The order should also state specific findings of fact and conclusions of law in support of the decision.

5. **Student Records**

The student's expulsion from school shall be entered in the student's record as required by the rules adopted by the School Board concerning the content of student records.

Discipline of Disabled Students

Students with disabilities will be entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others or as otherwise permitted by law.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches.

All computers located in classrooms, labs and offices of the District are the District's property and are to be used by students, where appropriate, for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District's computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student's refusal to permit such access may be grounds for disciplinary action.

No strip searches will be conducted by any employee of the District, but may be conducted by law enforcement officials, if deemed necessary.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated.

STUDENT'S RIGHTS OF EXPRESSION

Little Wolf Jr./Sr. High School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it:
 - 1. Is obscene to minors, libelous, indecent, or vulgar,
 - 2. Advertises any product or service not permitted to minors by law,
 - 3. Intends to be insulting or harassing,
 - 4. Intends to incite fighting or presents a likelihood of disrupting school or a school event.
 - 5. Presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the Principal twenty-four (24) hours prior to display.

STUDENT SUGGESTIONS AND COMPLAINTS

The school is here for the benefit of the students. The staff is here to assist a student in becoming a responsible adult. If a student has suggestions that could improve the school,

s/he should feel free to offer them. Written suggestions may be presented directly to the Principal or to the student government.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. As with suggestions, concerns and grievances may be directed to the Principal or to the student government.

SECTION V - TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

Bus transportation is provided for all eligible students. The bus schedule and route is available by contacting Jim Quinn at (920) 596-5839.

Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

A change in a student's regular assigned bus stop may be granted for a special need, if a note from a parent is submitted to the Principal stating the reason for the request and the duration of the change and the Principal approves.

BUS CONDUCT

Students who are riding to and from school on transportation provided by the school are required to follow some basic safety rules. This applies to school-owned buses as well as any contracted transportation that may be provided.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

VIDEOTAPES ON SCHOOL BUSES

The Board of Education may authorize the installation of video cameras on school buses for purposes of monitoring student behavior.

If a student is reported to have misbehaved on a bus and his/her actions were recorded on a videotape, the tape will be submitted to the Principal and may be used as evidence of the misbehavior. Since these tapes are considered part of a student's record, they can be viewed only in accordance with State and Federal law.

PENALTIES FOR INFRACTIONS

A student who engages in misconduct on a bus shall be subject to discipline and may be deprived of the privilege of riding on the bus.

SELF-TRANSPORTATION TO SCHOOL

- Driving to school is a privilege which can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility for any transportation to and from School not officially provided by the school.

- Parking lot speed limit is 5 mph.
A new permit is required every year. It must be displayed behind the rear view mirror. Police patrol the parking lot. Students failing to display their parking permit will be fined.

- If a student's permit is suspended, no fees will be refunded. Failure to comply with these rules will result in loss of privileges and/or disciplinary actions for the student.

- When the school provides transportation, students shall not drive to school-sponsored activities, unless written permission is granted by their parents and approved by the Principal.
