

7/8th Grade Band

CREATE

MP1.Cr.12.m. - Compose Short Pieces using standard notation and technology within specified guidelines, demonstrating the use of the elements of music.

- Students will compose a short piece using online music writing software, "Flat". They will then be able to play it back and listen to it. Students will go through the process of editing and altering music to their liking before final submission. The project will take approx. 3 weeks.

PERFORM

MP2.P.17.m - Rehearse and demonstrate the ability to sing and/or play expressively, on pitch, in rhythm, and with proper technique and maintaining a steady beat.

-Students will log and demonstrate their practicing skills and habits using the online video interface, Flipgrid.

RESPOND

MP3.R.9.m - Define and demonstrate an understanding of foundational musical elements in discussion and written reflections.

-Students will use their developed critical thinking skills to comment, analyze, and critique pre-recorded online musical performances or Ted Talks by using EdPuzzle as a platform.
