

Physical Science: All of these topics will be covered using CK-12 and assessed using the Adaptive Review. EACH one has its own (quiz).

Sound and hearing

1. ID the Anatomy of waves
2. Compare and contrast Resonance and physics of music
3. ID, label and match Anatomy and physiology of the outer middle and inner ear

Light and sight

1. Compare Photons and light travel
2. Determine the effects of Reflection and refraction (different mediums)
3. ID, label and match Anatomy and physiology of the eye

There will be a final in May for Semester 2.
