

Construction Weekly Update

Week of November 4, 2019

School District of Manawa

Lower level underground work complete

Mech. system above ceiling be re-supported

Corridor renovation work is underway 2nd shift

Plastic partitions close of construction areas

Update

While we are still progressing on the new building additions, and steel will be getting erected shortly, we are well underway on interior renovation work as well. In the lower level the new changing rooms area just wrapped up the underground work, and now we will be getting walls set. The crews are also working on 2nd shift tackling the work above ceiling throughout the corridors in the High School, and this work will continue into the early parts of the new year.

About Hoffman

Hoffman Planning, Design & Construction, Inc. is an integrated Total Project Management firm based in Appleton, Wisconsin. We partner with our clients to create innovative designs and build high quality, functional, attractive, energy efficient facilities at costs at or below projects delivered using traditional design and construction methods. Currently in our fifth generation of leadership, Hoffman continues to deliver the same expert service and superior value our clients have come to appreciate.
