Dear Parent,

We are going to be learning about our bodies and how to keep them safe and healthy throughout the school year. Some of the instruction will include information about the reproductive system and human sexuality. The topics we will be teaching have been reviewed by a community advisory committee consisting of parents, teachers, administrators, health professionals, and local clergy. We welcome you to review the topics by calling the school and setting up an appointment to come in to talk about your child’s teacher or the principal. At times, your son or daughter will be asked to talk with you to better understand your beliefs and values around these issues. We want to support your role as the main educator of your child about human sexuality.

You will find the **Human Growth and Development K-12 Scope and Sequence** on the district website under Curriculum & Instruction. If you would like to have your child sit out during any of these lessons, please indicate which lessons on the form below and send it back to school with your child or mail it to the school office.

We look forward to working with you this year.

Sincerely,

Olivia Koehn, School Nurse
Michelle Pukita, MES Principal
Dan Wolfgram, LWHS Principal

I would like my child _____ to be pulled out of the following class sessions of the human growth and development curriculum (See scope and sequence on website):

Thank You,
