

Place: Manawa Football Practice Field, 515 E. 4th Street, Manawa, WI 54949

CAMP PHILOSOPHY & GOALS

This camp is aimed to increase football knowledge, begin to set the foundational skills for a successful football career and begin to develop a ‘Winner’ mentality. We will work with kids not only on skills attributable to football but also life. For example we will talk and think about things such as, dedication, commitment, aggressiveness, motivation, goal focus orientation, fearlessness, unselfishness, discipline, relentlessness toward the pursuit of goals.

Safety: The current situation we face with sports has some parents and families feeling uneasy about early involvement. We will be teaching the safest techniques and forms to allow your child to compete in a safe and successful way on the football field.
